

Why community cabinet CRIME REDUCTION PROGRAM, 24?

Police Crime Report No 271

Why keep the faith and backup the Sisters of Mercy Risk Management plan by law? The need to protect both!!!

As children we were told in church the world may seem a strange place but when all else fails 'keep the faith' as St Stephens Church administrator acknowledged

"YOU ARE PERSISTENT."

Suffering an in-home invasion and nun chucker attack to extort money, see our Attorney General-Police joke inside.

Hence 14 yr Police Commissioner prison term

- There is a need for intelligent leadership in the community just like the armed services intelligence branch for the Police to gather up the detail and to put it to good use. **To prevent the ongoing community's destruction with fraud as Australia's No1 crime.** As explained with banks, 'bagman' and Barristers self greed and self gain is designated by law as being unconscionable and therefore fraud of the worst kind.
- **Why have Community Cabinet meetings unless they are run according to Police protocol and ethical standards?** As directed by legal counsel where documented proof of the meetings are processed according to the due process of the law. Why employ 4,500 Police Officers if they are not trained and educated in the due process? Leadership comes from the top, the need to tough it out to be strong. The Commissioner asked John Bright **"Why not just go back to the Sunshine Coast and retire instead of using your money on Police Crime Reports?"** **"Why not just retire on the Sunshine Coast and follow a normal retirement plan?"** Hence the Premier's direction, to support our volunteers who give of their own money and time, for community service. Perhaps the most satisfying statement you can ever hear after saving a persons life is to have them say **"Thankyou for saving my life."** As the Sisters of Mercy have saved both my son's life and mine. By law as the Church confessed care of the Rev. Michael Veary witness and family friend who stated **"We hear so many sad stories."** So our promise to the Church and Police administration to make this a happy story! **By providing multiple solutions with crime**

prevention and the technical detail. Hence the need to study SAA law, criminology, psychology and mathematics.

- In conclusion we have proved our innocence beyond a shadow of doubt, but by the banks, 'bagman', and Barristers admitted abandonment, as Supreme Court Judge Mackenzie understood by reading our Supreme Court affidavit, **we have to prove abandonment is fraud.** As directed by Colonel/Judge Pat Shanahan in studying our case for Queensland law reform. Hence like the Fraud Squad Detective Sergeant Brett Heath's failure to tape record his confession of neglect, this necessitates the Premier's input to have his ministers account to the community in reference to their action plans. For crime prevention and control, where we as the community must ensure our presentation is such that the Police Ministers secretarial staff can draft out a press release. **By being present at meetings.** To bring bank closure as Chris Watts mediation expert for the CBA put it **"All the bank wants is closure."** Thanks to the Sunshine Coast Daily, we welcome their community involvement and understanding. To ensure the community are protected from fraud by the disclosure of the Police Ministers press release by law.

Why Police Minister's press release?

CEO of the Bar Association Daniel O'Connor confessed as ex-con DPP Barrister Davida Williams voluntarily stood down from the Bar quote "It's no longer the Bar Association's problem." What is the point of having a Bar Association if the Bar Association is not responsible for the malpractice of its members? Leading to the destruction of the community in general. Reference Police Crime Reports No's 233 to 272

Clue two: - CIB Det Sgt Trevor Kidd ignored both 'bagman's' extortion demand left behind at the in-home invasion and nun chucker attack and 'bagman's' handwritten proof on 'For Sale' sign and many verbal threats with witnesses. To crash sales, to prevent cash flow, to enable the planned bankruptcy / CIB entrapment. Police Crime Reports No's 224 & 235

Supreme Court Judge J Byrne warned John Bright acting for Badja Pty Ltd on three separate occasions Bright could go to prison for 5 years if it was found the Commonwealth Bank's case was accurate. Hence his wisdom in studying the vexatious acts in the Arbitration Court Engineering House, Magistrates Courts Holland Park and Brisbane, Supreme and District Courts Brisbane to assist the Commonwealth Bank Solicitors Allens Arthur and Robinson in backing up the banks previous Solicitors Clark and Kann in admitting the banks fraudulent actions created by Grahame Ledwidge confessed scapegoat Risk Management policy. Clue three: - 'Bagman's' perjury. Photo of son-in-law proves guilt as our excavator was used (a) To dig unwanted trench to create \$10,000 flooding-insurance scam. (b) Our earthmoving equipment was never paid for, during 14 months hire. Police Crime Reports No's 182 & 224

What would you do? Your wife contracts breast cancer at 42, panics at the thought of death and guts your multi-million dollar business through divorce. Taking all the cash, no other bank except the Commonwealth Bank you have been with for life, will act for you. To survive, you must sell your small farm as a 22 block subdivision and turn it into cash. The bank makes a serious mistake. The Relationship Manager by neglect forces you to work with an illegal incomplete bank loan. He is sacked and the bank pays \$25,000 to try and cover up the mess proving liability. The Head Contractor turns out to be a 'bagman' who finds a fourth Solicitor and both plot your bankruptcy. Even worse, your Barrister is a forger and fraudster and all but finishes you off. Fortunately the Head Contractor's first three Solicitors advise your Solicitors of the planned multiple fraud allowing you to set CIB, SAA, engineering, accountancy and political traps from \$10,000 up to \$250,000 to create a 'Dead Corporate Body' to win in court. Special note see forgery, passing off and fraud in Police Crime Reports as Colonel/Judge Pat Shanahan put it "**Your story is so unbelievable it's believable.**" We followed his directions "**To do the obvious.**" Please backup Premier Peter Beattie, Police Commissioner Bob Atkinson and support further fraud charges for law reform. See Police Crime Reports No 215 & 272 for technical change and study www.all-fraud.net. Fraud Australia's No1 crime costing up to a reported \$20 Billion a year across Australia.

'Public lose faith in Churches' care of Sunshine Coast Daily. As the CIB Det Senior Constable Mark Hughes for Area Commande Superintendent John Hopgood agreed. Why did Tim Allen ou accountant accept \$10,000 and sign a written damages confession? Why rip up his sales contract to buy land as part of our 22 bloc subdivision Lychee Place, purposely valued at \$75,000, well under the approved valuation? Why support his client Badja Pty Ltd? Why prove Grahame Ledwidge's instructions were "**To rip up the contracts**" to break the law? Why bring into force the Sisters of Mercy 1% shareholder Risk Management plan to protect both by law. Ada May Bright directed by previous Commonwealth Bank Manager John Gagen's direction to support and confirm Sisters of Mercy protector from organised crime?
