

Why community cabinet CRIME REDUCTION PROGRAM, 25?

Police Crime Report No 274

Why Lord Mayor Campbell Newman's

CAN DO POLICY?

To solve fraud, Australia's No1 crime to

PROTECT ALL LOCAL COUNCILS

'Neighbourhood Fair'

How Neighbourhood Fairs work?

Why take the next step?

Police control, correction,
prevention, risk management to

POLICE RESCUE MANAGEMENT

Why trust the experts & have Premier
Peter Beattie support law reform.

Colonel/Judge Pat Shanahan in charge of

the QLS to correct the problem directed

"You cannot sue for abandonment you
must prove abandonment is fraud."

Hence Premier's technical solution

THE LAW OF ABANDONMENT

As the Attorney General agreed, he & the

courts were tricked by his ex-con DPP

Barrister who confessed "You would be

surprised what goes on behind closed

doors."

"ABANDONMENT"

Please see evidence and proof as ruled by

Colonel/Judge Pat Shanahan

"To do the obvious."

Why create law of abandonment?

1. **By natural progression to complete the series:** - law of abandonment, accession and association. By law to supply the Police Crime Reports to smash organised crime. To create Police rescue, to protect the Department of Public Prosecution-Justice system, mums and dads investment funds, first home buyers, bank staff, and customers from forgery, passing off and fraud. As confirmed by our ex-DPP Barrister Davida Ellen Williams now prisoner and the follow-up charges required to bring closure to this confessed Commonwealth Bank fraud. As confirmed by Rod Welford Minister for the Attorney General's Department by handing over control of this case to the Queensland Police Force. Where Detective Sergeant Brett Heath Fraud Squad under the control of Assistant Commissioner Pat Doonan directed **"We all lose money, do not expect us to do the work for you. Get your act together or you will be out the door so fast your bum will not touch the ground."**
2. After 4 years in studying our ongoing case, Area Commander Superintendent John Hopgood stated quote **"I have read your Police Crime Reports and I do understand, further fraud charges must be laid."** Now with the involvement of the Premier via Police Commissioner Bob Atkinson and Chief of Staff Superintendent Peter Martin, **further fraud charges have been laid.** Based on using a plea bargaining approach under the control of the ex-con DPP Barrister. **Why the scam of being classified with bank fraud only?** Why a four year delay as confirmed by the CMC 'whistleblower' that this was too long? Why was evidence and proof suppressed? Why were Senior Police Officers involved to protect the prisoner who previously had been married to a Queensland Police Inspector who had filed for bankruptcy? **Where did the money go?** Where are the multiple cases reported by 'whistleblowers', seven in reference the Bar Association and fourteen in reference to Colonel/Judge Pat Shanahan and the Queensland Law Society? How many names has Davida used? We were informed Davida has used up to 5 names in following various scams working as a Barrister to defraud prisoners by gaining a **"Power of Attorney"**, to sell off their property and claim same as legal expenses? Why her reported investment scams? In our case improper court action in not providing the CIB, Electrical and Civil Engineers reports to District Court Judge Brabazon who berated Davida for an hour and ruled **"That's not the way to do it."** Think how close this is to insider trading with Police and DPP protection from crime.
3. Why did Inspector Ray Loader make a joke out of the Police Prosecution case? By stating quote **"Rob Wilson's (Head Contractor) demand for \$200,000 or 2 blocks of land**

was not an extortion demand." "It was a commercial decision." "The chances of you meeting the Assistant Commissioner for South Brisbane (then Assistant Commissioner Pat Doonan) will not happen." Thanks to the invitation of the Premier's team in studying our Police Crime Reports, my son did meet Assistant Commissioner Pat Doonan. The Assistant Commissioner informed my son that he is senior to the Chief of Staff Superintendent Peter Martin. Hence Peter Martin informed my son quote **"Due to Police availability and time they have done the best they could."** Which meant the Assistant Commissioner protected organised crime. Detective Sergeant Trevor Kidd who lay fabricated charges to cover up the in-home invasion and nun chucker attack. Directed by the 'bagman' Robert James Wilson. Identified by the ground breaking statement of three Supreme Court Judges, Mackenzie, White and Muir who gave us the basis by law to **create the law of abandonment.** Based on the Police checklist and evidence available. In brief Supreme Court Judge Mackenzie ruled **"To mediate,"** on Bright's affidavit **"The 22 block subdivision was run by organised crime."** Hence the **Head Contractor / 'bagman'** used up the \$255,000 'slush fund' with vexatious acts in the Arbitration, Dispute Solution Centre, (restraining order served on the Head Contractor) the Magistrates Courts Holland Park and Brisbane, District and Supreme Courts. During the lunch break with proceedings in front of Supreme Court Judge Mackenzie, in front of legal counsel the 'bagman' said **"Give me \$200,000 or 2 blocks of land and I will leave you alone."** After \$255,000 of extras was paid with claims up to 300% **against the banks engineers JF & Pike's valuation by law.** (as part of our CIB, SAA engineering trap.) As an obvious top up to finalise his ruse to run our 22 block subdivision at a loss to claim ownership by non completion. Hence Baseline Civil Engineers John Koek confirmed the crimes in his written report. As the new project engineer finally agreed to by Grahame Ledwidge, in charge of scapegoat Risk Management at the Commonwealth Bank. After Grahame refused to enforce our joint engineers **JF & Pike who had costed the job and who had not been allowed to carry out their duties as a qualified engineer.** Due to the fact that following CIB advice on being told by the Head Contractor's original three Solicitors of the ruse via our Solicitor. **We set traps to entrap the whole system as prevention and Risk Management to rescue people is our area of expertise, to provide quality of life. Similar to fire-fighters preventing fires and specialising in a rescue service. (See smoke alarms)**

4. Hence with discussions with a 'Can Do' Lord Mayor Campbell Newman his question **"What can I do?"** His

suggestion **"Can I write a letter?"** Our direction to further study our case. Now with Chief of Staff Superintendent Peter Martin's clarification of the Brisbane City Council Internal Investigation Departments direction **"They are only a small team and do not have the direction."**

5. Hence the need for the Lord Mayor to provide disclosure in reference our file dating back to September 1995. To mean, in cases of this kind of multiple fraud in the building and construction industry costing Billions of Dollars each year, seen by the public service as the **'Yes Minister'** joke as seen on TV. **The classic letters received from the various ministers are now evidence and proof of fraud by abandonment.** As evidence and proof by the Police Minister **thanking us for drawing this matter to her attention and informing us the case was closed,** when Assistant Commissioner Pat Doonan has now given verbal advice that **"No further Police Officers would be made available in reference this case."** It would seem based on Inspector Ray Loader's input covering up a) Rob Wilson's \$200,000 extortion demand. b) Rob Wilson's perjury in court. c) Covering up CIB, Fraud Squad, Attorney General's release scam **"Not to sue for wrongful arrest, etc,"** organised by the prisoner ex-DPP Barrister and Commonwealth Bank confessed fraud. d) Malpractice ignored by Magistrate Austin in giving in to a false \$10,000 insurance scam. e) **These vexatious acts forced Supreme Court Judge Muir by law to liquidate Badja Pty Ltd.** f) Hence, become part of the CIB, SAA, engineering, accountancy and Church 1% shareholders Risk Management trap organised for the Sisters of Mercy. g) With Supreme Court Judge Byrne's warning by the balance of law of a 5 year gaol term if proven guilty. h) **This was exposed by the CMC explaining the four year delay, it has taken them in identifying this Community Cabinet crime reduction program as the Premier's solution to law reform. (To trust our volunteers backed up by Brisbane's 'Can Do' Lord Mayor)**
6. Hence we support both the **'Can Do'** Lord Mayor Campbell Newman and to work with the Premier's **'Smart State'** approach, the Police Commissioner **'Correction Team'** to Assistant Commission Pat Doonan's **confessed stuff-up.** In **"Doing the obvious,"** as Colonel/Judge Pat Shanahan directed and following the Fraud Squad direction care of Detective Sergeant Brett Heath, to work as a team and quote **"Get your act together."** (Self regulation is always best)
7. We have an endless supply of journalists, **'whistleblowers'**, sponsors and volunteers, of hard working bank officers who like the mums and dads retirement funds and first home buyers, etc, would like to

see letters and **press releases to the media.** We promote community backup and support to protect all local councils, not with the introduction of more Police Officers at great expense to the community, but **by the technical process stated by the Brisbane Magistrates Court registrar who directed to study the vexatious, Fair Trading and CMC acts. (An example of "smart state")**

8. **The grave imbalance of a \$10,000 insurance scam, so far ignored by the Insurance Council of Australia, with the direction of the 'Can Do' Lord Mayor's promise to write a correction letter. To protect the abuse of the insurance system as a mechanism to correct fraud to smash organised crime.** One fraud just leads to another and another bank fraud. Hence the use of criminology in looking for circuit breakers such as the Insurance Council to backup the CIB, SAA, engineering and accountancy trap and save insurance company's money in the long term **by fraud prevention.**
9. The Queensland Law Society President Ferguson's warning on the need for ethical standards. Our ex-con Barrister was in line to become a Magistrate. Hence her statement quote **"You suffer with information overload."** Hence her direction, quote **"To keep your mouth shut."** **Hence Police Crime Reports as directed.**
10. **The need to study the Head Contractor's failure to have his first three Solicitors support his multimillion dollar fraud.** What of the ethical standards of the Commonwealth Bank backup and support, quote **"In giving over \$1 million credit, if you want more credit all you have to do is ask"?** We now ask for this bank credit to create law reform. Please read and listen to the **'Can Do'** Lord Mayor. To find those people in the Commonwealth Bank, our Relationship Manager James Pitman was talking about, quote in brief **"Who will listen to our story and give justice."** Hence the need to prevent **Grahame Ledwidge's scapegoat Relationship Management method as proved confessed bank fraud.**
11. For reference we strongly recommend in establishing a new law in backing up both local councils and State and Federal Government **as natural holistic justice.** The next step to study the reference books **'The Bagman'** Jack Herbert and reference the Fitzgerald Report on Police Commissioner Terry Lewis, fourteen years gaol term, **'Broken Lives'** to learn the wisdom of three West Australian Supreme Court Judges and their input to reverse an injustice **involving CIB standover tactics as seen in our case.** Study the **'Power of One'** to cry freedom. As a backup view the videos **'The Accused,'** the story of a rape victim who was seen as a joke. No-one

has the right to create a bank, Police, Court, Engineering, accountancy or Church Joke of a Sisters of Mercy's 1% Badja Pty Ltd cancer patient Risk Management program, fighting for life and at the same time looking to protect her home. Hence Chris Watts CBA mediation expert direction to win this case. **"To protect our mothers at all cost."** The video **'America Burns'** to help introduce the rescue phase as the next step to Police / Court rescue to reverse the 97% loss where victims of crime become the victims of life. Where the Churches with their confession of guilt treat the victims as a joke, quote **"We hear so many sad stories, just keep telling the truth."** Please refer Father John Dobson and Father Joe Duffy's confessions of guilt. For reference see Police Crime Reports Nos 221-3-9, and 271. Hence our promise to the Church and Police to **make this a happy story.**

p.s. We have the ripped up Police Crime Reports as evidence and proof from our accountant Tim Allen, who was paid \$10,000 as evidence and proof of both Church Risk Management and the Supreme Court registrar Ian Mitchell's direction to throw our Police Crime Reports in the bin.
