

## Why community cabinet CRIME REDUCTION PROGRAM, 25?

### Police Crime Report No 275

#### HOW TO SOLVE FRAUD

to prevent a cost of \$20 Billion a year?

★★★ Australia's No1 crime ★★★

Ask the self confessed Accountant, Bank Manager, 'bagman' & Barrister how, when & where did the money go?  
Think of law as a flow chart,  
An electrical circuit or force.

Simulate self greed with cancer or fire.

Is the solution in Colonel/Judge Pat Shanahan's QLS direction "To study the court transcripts & the money trail?"

The 'bagman' convicted

Police Commissioner Terry Lewis.

Our 'bagman' confessed in court "If I go down lots of people will go down with me."

Natural progression solves crime.

Why cut out the cancer to save a life?

Why simulate a smoke or fire alarm?

Why Supreme Court Judge Muir's clarity to correct the vexatious acts to introduce

#### 'LAW OF ABANDONMENT'?

Why Supreme Court Judge Mackenzie & White to mediate & give disclosure to Justice Susan Keifel's ruling "To value both the bank product & bank customer"?

What is the natural progression by law to Police control, correction, Risk Management? Police rescue!!!

Is the answer: Premier Peter Beattie's, Attorney General Rod Welford's, Police Minister Judy Spence's or Lord Mayor Campbell Newman's volunteered team press release to expose how to smash fraud as Australia's No1 crime? Simulate heart attacks and cancer to stop smoking in the workplace and move forward with a political, CIB, SAA, engineering, accountancy and Church-Sisters of Mercy, Supreme Court agreed Commonwealth Bank endorsed Risk Management program.

**Why study primary law?** To create laws with a foundation based on the study of mathematics. **Mathematics is a pure science and cannot be overruled.**

What is the purpose of law if Police, Detectives, Magistrates and Judges can be deceived by a ruling on the basis of law? For example, Supreme Court Judge Muir ruled on the basis of law liquidating Badja Pty Ltd. He ruled on the law, "**A company can be liquidated for a proven debt of \$1.**" When the Judge's own intelligence, shown in the court transcripts is evidence and proof that the vexatious acts tricked the Judge into planned bankruptcy to lay claim to our 22 block subdivision. Hence the need for a Supreme Court correction to create the new '**law of abandonment**'. To find out four years later with the principle of patience and time confirmed by the CMC '**whistleblower**' backed up by Supreme Court Judge Mackenzie and the family of Margaret and Michael White combining both Supreme Court and UQ Law to find a CMC political solution. Hence the importance to be guided by a higher force as Premier Peter Beattie explained it as a '**Smart State**' as the Church backs up by '**Keeping the Faith**' as the '**Can Do**' Lord Mayor Campbell Newman put it, by setting up '**Neighbourhood Fairs**' to simulate Community Cabinet meetings. His question to my son, in resolving the Brisbane City Council's internal investigation into the multiple fraud, caused him to respond with natural justice and ask "**What do you want me to do?**" The Lord Mayors suggestion "**Do you want me to write a letter?**" Our reply: "**First disclosure by law**" (reference Supreme Court order). The need to study the multiple fraud, the need to take the team approach to backup the Brisbane City Council Internal Investigation Department who confessed "**We are only a small group and we have not been given the direction.**" (**The 'Can Do' direction**) "**The need to set out this case so the Queensland Police get the credit for the job well done.**" (Costing society Billions of Dollars in multiple fraud.) As the next step as Police Commissioner Bob

Atkinson confessed "**The importance for community backup and support.**" **Leaders are only as good as their backup team.** Hence Colonel/Judge Pat Shanahan, Chief of Staff Superintendent Peter Martin, Brisbane City Council Internal Investigation Department, to back up both the Premier Peter Beattie and the '**Can Do**' Lord Mayor Campbell Newman. As now confessed by the journalists and reporters "**We need a political press release.**" Based on the evidence and proof, as the community we voted them into power and by law as part of their team **we will have the final say.** As backed up by the Church where the Church directs our Judges and Magistrates and Court Registrars "**To let truth be their guide**" through primary law with "**Mediation, disclosure and clarity.**" Providing the new evidence and proof, which you can conduct by your own survey. By studying transcripts to gain the evidence and proof that the greatest fraud in Australia today is evidenced by the most over used fraudulent statement in our court system. Quote "**It's not relevant.**" The principle of '**it's not relevant**' has been conceived for the purpose of preventing mediation, disclosure and clarity as confirmed in our case. Best summed up by Magistrate Austin and District Court Judge Brabazon's rulings. Of special note Badja Pty Ltd versus the Commonwealth Bank where Supreme Court Judge Mackenzie was given 2 affidavits. One stating "**The standard legal procedure, the defendant has the money to pay.**" Based on natural holistic justice guided by our own legal counsel the Supreme Court Judge Mackenzie would have ruled "**Pay the invoices.**"

We argued with our own extended legal counsel based on the value of both mathematics and the principle of law. We provided a second private affidavit stating "**Our 22 block subdivision was run by organised crime, who wanted in brief to gain ownership by non completion.**" Hence backed up by Police administration and direction, we followed Supreme Court Judge Mackenzie's direction "**To mediate a solution.**" **Self regulation overrules Commonwealth Bank confessed self greed.** In brief backed up by Supreme Court Judge Margaret White and her husband Dr Michael White UQ Law (family team) who disclosed "**The CMC will resolve this case.**" Hence the CMC's understanding now of the four year delay in having our Barrister gaoled for fraud. **Hence our need to expose her fraudulent actions in covering up the CIB and Fraud Squad's abandonment of our case.** Davida's fraud in going directly against Chief of Staff Superintendent Peter Martin who has been backed up by Police Commissioner Bob Atkinson. **The Commissioner went directly to the Brisbane City Council and explained the fraudulent blow-out of costs. As**

**confirmed in our case with up to 300% false claims referred to as vexatious acts achieved through violence, thuggery, intimidation and perjury.** By law in using the law of probability, as we have won in court previously where the law of probability was acknowledged by the Magistrate as the corner stone of justice. Hence the importance to expose the Commonwealth Bank's scapegoat Risk Management policy. Due to the **law of accession**, in mediating with criminals, known as the **law of association**, where the Head Contractor perjured himself in court, covered up by Magistrate Austin's confirmation quote **"Yes, well, I do not care what (anyone from) the Police Minister down has to say."** Overruled by Supreme Court orders for mediation and disclosure. Backed up by District Court Judge Brabazon, who berated Davida Ellen Williams now prisoner for an hour, as it was obvious many Judges and Magistrates were gaining information. Now due to our 275 Police Crime Reports backed up by the Legal Ombudsman who directed the need for natural justice. Jack Nimmo's quote **"To forget about the money for the present and concentrate on the law and you can win this case."** The importance to understand as most Solicitors will confirm, they are not engineers nor do they have the experience of working in the Brisbane City Council Planning and Building Department, Inspection Section or Valuation Section. Hence the importance to reinforce Chris Watts mediation expert for the Commonwealth Bank who confirmed quote **"You have a big thing about teamwork."** (Teamwork is law) Due to studying the law, having more than 51% of the population of Queensland voting as a community to represent the Premier's 'Smart State'. As Magistrate Dillon ruled in chambers **"The importance to work on your procedure and presentation."** As Dr. Frank Walsh confirmed **"You have the power within you to resolve this case if you use tact and style."** As a psychologist like the 12 Judges and 3 key Magistrates understood. The Commonwealth Bank confessed in mediation quote **"They have the ability to gain mediation results to their satisfaction."** Fortunately for us that direction was given by Grahame Ledwidge who did not show the same expertise as his boss Chris Watts. Hence the need to consider Chris Watts direction in charge of Commonwealth Bank mediation. **"This is a Commonwealth Bank circus I do not wish to be part of."** Where the Relationship Manager James Pitman was made the scapegoat manager. On the basis as James confessed **"If I speak out, I will lose my new job at Westpac."** Bearing in mind there are other bank

officers involved who suffered by transfer due to Grahame Ledwidge's direction. The importance to understand as directed by our Barrister, her direction was **"In the end this case will come down to your word against Grahame Ledwidge."** Grahame Ledwidge who directed **"Rip up the bank contracts,"** where he has admitted part liability and he has made scapegoats out of his managers with witnesses and paid \$25,000 to admit liability. Hence the importance for law reform. What we are looking to achieve is crime control, correction, Risk Management to Police rescue, our area of expertise. **(Quality of life)**

It was noted in the media that Allens Arthur Robinson are perhaps the No1 firm of Solicitors in Brisbane. It's important to note that Clark and Kann gave an affidavit supporting our case and that Rebecca Watson Solicitor for Allens Arthur Robinson reported billing the bank for 14 hours of her time involving listening to our case of multiple fraud in the street and her request **"She did not wish to have any further discussions, based on private investigators reports."** Why a subsequent 10 year delay starting from September 1995 where a simple 22 block subdivision should have been completed as the surveyors and engineers directed at the time, **"In 1996"?**

As directed by the Sisters of Mercy expert John Gagen in setting up a Sisters of Mercy Risk Management plan, the ex-Commonwealth Bank Manager John Gagen confessed **"The Commonwealth Bank will fight right down to the line."** Hence We were directed by our team, **"Only tell them what they need to know."** we were given due warning for the importance to adhere to the Sisters of Mercy Risk Management plan, under additional Commonwealth Bank supervision. As Grahame Ledwidge confessed **"The Commonwealth Bank works for the shareholder's profits and the top end of town."** Grahame directed **"To rip up the contracts,"** to mean, to break the law. Hence our \$10,000 damages confession from our accountant Tim Allen and 2 Priests involvement Father John Dobson and Father Joe Duffy in looking to cover up the insanity of organised crime. Yet at the same time satisfy the community needs for the truth to be told. As seen in the media reference Police Crime Reports No's 221-3-9, 271&2. This is evidence and proof of the Commonwealth Bank's determination to ensure banks mediation is to their satisfaction at the cost to the bank staff, bank customers, their clients and associated mums and dads.

As we were told **"If this was Melbourne we would blow you away in the street."** Expenses by the 'bagman'-Head Contractor after gaining \$255,000 in extras with

claims up to 300% to match our \$250,000 in legal costs, a total of \$500,000 in legal costs, caused him to demand \$200,000 or 2 blocks of land. To finish off the vexatious acts hidden by Inspector Ray Loader as part of this overall multiple scam. The 'bagman' confessed **"My profits will come after Badja Pty Ltd bankruptcy."** To mean, in splitting up Badja Pty Ltd's assets. **As the Brisbane City Council administration now understand due to disclosure by law.**

Please study the vexatious acts causing us the loss of a 22 block subdivision at Lychee and Summitt Streets at Belmont Brisbane and the loss to the mums and dads and first home buyers created by the Commonwealth Bank confessed fraud. Due to the mishandling of the bank's incomplete loan. Where the bank's scapegoat Risk Management authorised and directed by Grahame Ledwidge in manipulating the confessed bank fraud needed the assistance of the confessed 'bagman' Robert James Wilson and the now confessed fraudster / prisoner Davida Ellen Williams ex-DPP Barrister at law. Please support Supreme Court Judge Muir to take advantage of this trickery and deceit by his honesty in creating the law of abandonment. By giving a solution as directed with law reform as the due process of law. Please do not forget to highlight **a)** the \$10,000 insurance scam, **b)** the upgrading of the Vexatious Litigants Act and **c)** the importance of mediation, disclosure and clarity with community access via modern technology through websites and information technology. To create the political solution via the 'Smart State' 'Can Do' policy to rescue our community from fraud. It pays to

**MAKE IT RIGHT  
then  
MAKE IT HAPPEN**
