

Why community cabinet CRIME REDUCTION PROGRAM, 27?

Police Crime Report No 285

Why Police criminology / checklist? Why study video taped evidence Qld Police HQ 26-08-05? Why did four S.C. Judges, Mackenzie, White, Muir & Byrne rule "Mediate, Disclose, no clarity" = a five year

GAOL TERM

Tim Allen's input
Study Police Crime
Reports 261-4* / 269-279

Why gain a Commonwealth Bank FULL CONFESSION OF GUILT?

For our accountant Tim Allen to keep his ASIC approval. He first must disclose to Police Com. Bob Atkinson, the details of his \$10,000 damages confession for Police control. To correct Andrew Keighran from ASIC/CALDB, to Grahame Ledwidge's rogue Bank Manager's confessed conspiracy. With the prisoner ex-DPP Barrister Davida Williams, 'bagman' Robert Wilson, Solicitor James Conomos, CIB Det. Sgts. T Kidd, & Fraud Squad B Heath creating a multimillion dollar fraud. Why have the Police finally decided to act 9 months after Tim Allen's threat to kill my son? Why does Tim refuse to disclose his \$10,000 damages claim for the detailed liquidation to own our 22 block subdivision by non completion?

Why remove the Commonwealth Bank's stranglehold on ASIC/CALDB? Why did Tim Allen lose over \$100,000 as Colonel/Judge Pat Shanahan explained "You cannot sue for abandonment. You must prove abandonment is fraud." Hence thanks to criminology, psychology and mathematics, the path of entrapment leads to enlightenment, to control, correct and cure confessed bank fraud. To give the Police credit for a job well done by creating the law of abandonment. As directed by the Brisbane City Council Internal Investigation Department, who directed "We are only a small group and we have not been given a direction." Hence their confessed abandonment and the Lord Mayor Campbell Newman's response, a promised letter to improve law and order. As the detective said, standing on the steps at Police Headquarters 26-08-05, see video tape; quote "You should not be here." To mean, with planned abandonment, litigation, liquidation we should not have the resources left to fight the fraud of organised crime!

- By creating a test case of confirmed forgery, passing off and fraud, due to the direction in studying criminology, psychology and mathematics. To fight a much larger opponent, this necessitates survival with natural justice. To let the crime run its natural course and when the evidence and proof of the multiple fraud is available, to use this to win in our court system, as entrapment is the law. Hence the greater our reward. We will gain law reform by self regulation. The importance of court direction to just do as ordered "To do the obvious."
- How is it possible to prove abandonment is fraud? By law to create the 'law of abandonment'. As the Brisbane Magistrates Court Registrar directed "To study the Vexatious Litigants Act, the Fair Trading Act and the CMC Act." Our case was built around the vexatious act of planned liquidation in the Supreme Court with the knowledge that the Magistrates Court sees \$10,000 claims just as an ongoing annoyance in multimillion dollar construction sites. Backed up by our legal counsel Reg Klinedon's statement quote "10,000 is throwaway money." After Commonwealth Bank mediation in gaining \$25,000 and a confession from Grahame Ledwidge, Reg stated "He would swear in court he did the best he could." Realising there was something wrong, we called on all the experts, as Grahame had taken away our Relationship Manager James Pitman. Grahame blamed James for showing kindness, instead of the due process of the law to correct the faulty bank loan. To mean, James confessed in general the bank was so focused in privatising, in the need for

increased profits, that he was not prepared to alter our bank loan agreement. Due to the bank's confession to both cut staff and increase performance at the obvious cost of bank ethical standards and protocol. All of which we have proved to the satisfaction of the Premier Peter Beattie, the Lord Mayor Campbell Newman, and the Police Commissioner Bob Atkinson. The Commonwealth Bank in calling in the ex-Attorney General Rod Welford could have been open with full disclosure as directed by Supreme Court Judge Margaret White. Then mediate a solution as directed by Supreme Court Judge Mackenzie to prevent Supreme Court Judge Muir's embarrassing "No understanding or clarity." As Grahame Ledwidge wrote see Police Crime Reports No 245 & 272 "The bank does not give disclosure to bank business." Due to their claimed 'corporate veil', the bank has now been given the courtesy by the Government and Supreme Court to try and prevent vexatious acts, in a similar fashion to the prisoner's Attorney General's release scam "Not to sue Police for wrongful arrest." You need to consider Grahame Ledwidge's statement quote "We never said we do not make mistakes." To mean, each case must be judged on its merits. What is the difference between a vexatious act and planned abandonment? Our evidence and proof is our 'Barrister from Hell'. In brief, it is simply a matter of either calling in more experts or finding a way to break the stalemate or stranglehold on the bank's confessed fraud. Hence ASIC/CALDB correction via the Police Commissioner.

- The Police Commissioner faced with this nightmare, backed up by his Chief of Staff and Prosecution Department and our multiple defendants as proven innocent, we have held our ground. The importance with criminology, in working backwards to find a solution is to work with all the clues, as not all of the network are criminals, thugs or con-artists and lowlifes, like the 'Barrister from Hell'. Davida directed "Keep your mouth shut," while at the same time abandoning our case in court and working with a network to steal every cent we had. We will create the 'law of abandonment' to create the answer to smash fraud as Australia's No1 crime.
- Hence the good fortune of the law to follow the clues. The clue in this case Grahame Ledwidge's direction "To rip up the contracts." Hence the importance to gain both the direction of the Police Commissioner to first isolate our accountant Tim Allen, who has confessed to my son, quote, "Not to go on a crusade, as he has to

work with the banks on a daily basis.” After accepting \$10,000, the same amount as the \$10,000 fabricated 300% insurance scam, confirmed with Police Crime Reports No 182-285. As directed by the senior Civil Engineer John Koek, these details exposed in Magistrates Court Holland Park 422/2000-2. As confirmed by Detective Senior Constable Mark Hughes in brief **“The engineers report is very convincing.”** Hence why was it totally ignored by Magistrate Austin? Why his quote **“Yes, well I do not care what (anyone from) the Police Minister down has to say?”** Like the Police Commissioner and Magistrate Austin we the community all suffer in part from the Commonwealth Bank conspiracy instigated by the **'Barrister from Hell'**. Hence the importance for the law of abandonment. To mean, as Dr. Frank Walsh put it **“The nun chucker may have only just grazed your nose and knuckles but it is still assault and charges must be laid.”** The importance to understand the **'bagman's'** thugs were directed to collect money, **not to kill my son.** Hence Chris Watts mediation expert for the Commonwealth Bank's confession **“This is a bank circus.” To mean bank fraud for confessed self greed and self gain. After 10 years since the start of our subdivision, the importance to backup both the law and the CIB technical staff is very clear.** The CIB said **“They will hold the photos of the in-home invasion and nun chucker attack up to 20 years.”** Hence the importance of SAA law and to backup engineers as John Koek from Baseline Civil Engineers directed **“The need to finish the subdivision, to pay out the subcontractors and then lay fraud charges or you will go bankrupt.”** As Supreme Court Judge Mackenzie ruled **“You have the money to complete the subdivision.” Due of course to the accountant's report to provide the details, which, thanks to the Police Commissioner's input, the Supreme Court Judges need today to gain clarity.** As advocates, sponsors and volunteers, we took note of Dr. Frank Walsh **“To value both the bank product and the bank customer,”** in line with Justice Susan Kiefel's ruling. To mean, the importance to work as a team. **With the law behind us, being proven innocent, we will win, with the due process of the law.**

- Ex-Attorney General Rod Welford realising his dilemma, in backing both the Commonwealth Bank fraud and the ex-DPP prisoner/Barrister, forger and fraudster, did the obvious. He directed **“The Queensland Police are in charge of this case.”** Hence with the confessed failure of Assistant

Commissioner Pat Doonan, Commissioner Bob Atkinson has taken control. Similar to Tim Allen's confession of guilt, both verbally and in writing, are equal in the eyes of the law. **He cannot abandon the evidence and proof in the belief that he is not accountable for his actions.** He is caught by entrapment, to enlighten the Supreme Court and thus correct the multiple fraud. As the local Police reported the need for Police Crime Reports, to work one step at a time, as Area Commander Superintendent John Hopgood would say **“What is your point today.”** After my son spoke to his backup Inspector Les Hopkins on the steps of Police Headquarters, it was encouraging to have his support, **crime is serious business.**

- Let's focus on the Police Commissioner's current direction in the knowledge that many Police Officers let him down. Hence our promise to the Commissioner, Chief of Staff, Police Prosecution Section and the Union, **to follow Police ethical standards and protocol and not to live the rest of our life with unresolved crime.** Yes, law is obsessive. Criminals do deserve to go to prison. We will not rest until this is achieved!
- Now to the facts of this case, ASIC have failed in their capacity due to Grahame Ledwidge's fraudulent control and manipulation in being part of the same bank building at 240 Queen Street Brisbane, the whole demeanour of the security staff is one of non-correction of crime. Hence the awareness of criminology, to study the books **'The Bagman'** and **'Broken Lives'**. Prostitution, gambling and drugs were seen as the domain of the CIB and Fraud Squad as proven by the Fitzgerald Report. **Today the building and construction industry is a billion dollar industry open to fraud.** As confirmed and identified by the Police Commissioner Bob Atkinson, reference Police Crime Report No 262. **The question is, who has conducted an investigation into fraud in the building and construction industry?** We have by necessity and Supreme Court entrapment to mediate, disclose Supreme Court no clarity. **Where is the evidence and proof to prove fraud exists?** Hence the importance of the money trail, our star witness Inspector Ray Loader with his infamous quote **“The demand for \$200,000 or 2 blocks of land was not an extortion demand, it was a commercial decision, etc.”** Backed up by the Premier's direction creating the Fraud Squad infamous statement by Detective Sergeant Brett Heath's quote **“We all lose money, do not expect us to do the work for you, get your act**

together or you will be out the door so fast your bum won't touch the ground.”

- Hence the reason why my son stands at the entrance of Police Headquarters, instead of working internally inside Police Headquarters. To mediate and disclose the detail of the Commonwealth Bank conspiracy via the rogue bank manager Grahame Ledwidge. Grahame who gave our money away with excess claims up to 300% for a **'slush fund'** to create a **'bagman'** to pay for the rogue engineers and legal counsel, to run the ruse of planned liquidation of our 22 block subdivision by planned non-completion. So the next step with forced entrapment, called natural justice, facing the obvious with criminal law, it can take up to 20 years for the fraud charges to be laid. For the criminals to receive a Supreme Court five year gaol term.
- To ensure your clarity, it's of the utmost importance that we support the Police Commissioner who now has an understanding of the Brisbane City Council's Lord Mayor Campbell Newman's urgent direction to write a letter/ press release as promised, to support law and order. Now the Police Commissioner or his representative must meet with ASIC, attention Graham Keighran Solicitor/Accountant under the direction of the Federal Attorney General Philip Ruddock, to study the details of Tim Allen's report, so that we can move to the next phase. To correct the fraudulent liquidation of Badja Pty Ltd and thus create the **'law of abandonment'**. To achieve our goal to protect the mums and dads investment funds, first home buyers and the developer. To mean, to protect the community at large as the Police direct, to provide safety and peace and most of all, to thank the Police Commissioner, Chief of Staff and Police prosecution and union for standing up for our rights. For being there when all around abandoned us. No matter what the cost we are happy to volunteer. **Thank you!**
