Criminology in brief: -

Why control, the crime scene / prevention / rescue management that will stand up in court? Based on the confirmation of our ex-DPP Barrister/prisoner Davida Ellen Williams statement (Gloating at her part in the fraud knowing the ruse) “You would be surprised what goes on behind closed doors-abandonment.”

- We started our subdivision development faced with a number of crimes. The bank’s cover up of an illegal bank loan, allowed the Head Contractor / confessed criminal / ‘bagman’ to overcharge to create a \$255,000 ‘slush fund’. The confessed ruse was, “To run our 22 block subdivision at a loss to claim ownership by non completion.” Under the direction of the Sisters of Mercy, Rescue Management program, our accountant Tim Allen’s first entrapment, he directed Ada May Bright became a 1% shareholder in Badja Pty Ltd by law to make us one for ASIC support by law. Why the warning from the ex-Commonwealth Bank Manager John Gagen on behalf of the Sisters of Mercy, “The Commonwealth Bank will fight right down to the line”? Bank staff direction “Ask why Ledwidge increased the loan interest rate from 10% to 16% when interest rates were falling?” Was it to help gain liquidation? Hence the ASIC advice care of Andrew Kieghran, to work directly with the Commonwealth Bank CEO Ralph Norris to mediate, disclose, clarity by order of the Supreme Court, with Queensland Police Commissioner Bob Atkinson’s compassion, frustration and support. With a warning to Solicitors from the Queensland Law Society, not to allow fraudulent matters of this kind to get out of hand. Where both Magistrates Court Registrars Brisbane and Holland Park and Arbitration Engineering House, see file, being aware of the multiple vexatious acts, they directed a ‘technical solution’, to solve this case with the Brisbane Registrar leading the way.
- Supreme Court Judge Byrne gave a warning on three occasions; the penalty for this crime could be “A 5 year gaol term.” Again our policy to establish the solution with the aid of criminology. To complete to “Crystallise the loss” and then work backwards from the solution, a) we have established Badja Pty Ltd was liquidated over a \$10,000 insurance scam easily identified by studying the court transcripts and the money trail as directed by the Crown. b) we have established the penalty as based on natural justice, directed by the Legal Ombudsman Jack Nimmo, an experienced senior CIB Detective. At our own cost in losing millions of dollars, to a confessed Commonwealth Bank conspiracy. First point of law, prove liability, then comes the confessions of guilt. The need to take note of the primary witness, the Head Contractor/‘bagman’ Robert James Wilson, who confessed both to be a criminal and hence directing ‘the obvious’ as the method presented by the Crown, where the Head

Contractor confessed “If I go down, lots of people will go down with me.” Who are these people?

- We apologise for the repetition but to gain community support you need to fully understand natural justice. As the method directed to create law reform, to mean, as directed by the Crown “To prove abandonment is fraud.” By law, the only solution is the ‘Law of Abandonment.’ Supreme Court Judges Mackenzie, White, Muir and Byrne to concur. See the problem, the Premier’s team directed “Keep hovering; let them know you are here.” The Lord Mayor’s personal assistant Les Sheahan has studied Police Crime Report No 287 which backs up Police Crime Report No 262. In studying good management he concurred.
- As Dr. Frank Walsh psychologist explained “It’s never over until it’s over and it’s not over yet.” Until we achieve either a five year gaol term or the other obvious option to Supreme Court orders to mediate, disclose, clarity, backed up by the direction of the ex-Attorney General Rod Welford who confessed in brief he was tricked by the ex-DPP Barrister / prisoner / Court Officer Davida Ellen Williams with her Attorney General’s release scam “Not to sue the Police for wrongful arrest,” forgery, passing off and fraud. Hence his direction “The Queensland Police are in charge of this case.” Chief of Staff Superintendent Peter Martin backed up and supported the Area Commander Superintendent John Hoppood, who as a key witness for the crown did his best to resolve this mess, prior to his retirement, once he became privy to the fact that we had engaged the ‘Barrister from Hell’. Chief of Staff Superintendent Peter Martin demonstrated his leadership qualities in one simple question, quote “Who was it that directed we set out this case so the Queensland Police get the credit for a job well done?” The solution is the Brisbane City Council, whose Internal Investigation Department directed “Set out this case so the Queensland Police get the credit for a job well done.” It’s obvious fraud is Australia’s No1 crime with an estimated up to \$20 billion a year in ‘white collar crime.’ Identifying the trickery and deceit in investment scams, where the general community have their investment funds stolen. It seems WA is the leader; hence study the 8 investment advisors sent to prison. Then work with crime prevention as Jack Nimmo (Legal Ombudsman) confirmed, quote “Forget about the money for the present and concentrate on the law and you can solve this case.” As in criminology we searched for a simple but effective ‘technical solution’. Being aware of the SAA rules, the alarm signals went off. We could not wait to volunteer a circuit breaker mechanism to smash fraud as Australia’s No1 crime. Many Senior Police will be aware how humiliating it was to work with a ‘joke’ the Police Commissioner Terry Lewis as your boss. Based on the Crown direction, imagine the humiliation of the

Commonwealth Bank staff, to have to work with Grahame Ledwidge who established, the '**Commonwealth Bank joke**'. **Identified by the Commonwealth Bank mediation expert Chris Watts but ignored due to G Ledwidge's confessed self greed and self gain for bank profits.** Hence the importance to follow Federal, State, Local Government, Court and Fraud Squad directions as the Fraud Squad Detective Sergeant Brett Heath directed after the CIB's fabricated charges to cover up the '**bagman's**' organised in-home invasion and nun chucker attack extortion demand for \$47,962. 97. Therefore Brett quoted "**We all lose money, do not expect us to do the work for you. Get your act together.**" This is obviously a case for the Police Ethical Standards Command. We have been given legal advice to ask, who is **the officer in charge** who is acting to correct this Fraud Squad confessed abandonment scam? Who is now in charge of our case at an operational level? To mediate a solution to this confessed bank/court fraud to Premier Peter Beattie's satisfaction. **Here is the new ASIC evidence and proof. The Commonwealth Bank scapegoat, risk, failure, management needs the Commonwealth Bank CEO reform to create the "Law of Abandonment"**.

- Now with 4 Supreme Court Judges involved, see evidence and proof of how, **the pressure is mounting on the court, Police, banking, insurance scams, building industry fraud, lack of local Government policing, to gain the Premier's solution.** Grahame Ledwidge confessed a) "**We never said we did not make mistakes.**" (Sharing the blame with his fellow workers.) Hence Relationship Manager James Pitman was transferred to Westpac and one defendant **only** was paid \$25,000 to admit bank liability. b) "**The bank does not give disclosure to bank business.**" Police Crime Reports No 272, c) "**Bank mediation will be to the bank's satisfaction.**" Reference Police Crime Reports No 213 23 24 29 33 35 47 61 64 69 71 80 on.
- The question is, **how does Grahame Ledwidges influence, ensure the Commonwealth Bank's mediation is to their satisfaction? By taking a risk to go to prison for 5 years by law.** The need to think outside the square, to move with the aid of experts from the multiple fraud to the Commonwealth Bank's conspiracy. What is the opposite to abandonment? Look at the Fitzgerald Report to discover the '**Flow Chart/ the action plan**', the importance of the '**bagman**' to distribute the money. The accountant Tim Allen and his importance as an expert by law, to itemise the source and the loss and who gained as a result. That is all part of the journey as explained by studying www.all-fraud.net as directed by legal counsel and supported by the Queensland Police Commissioner, following the Crown's / S. Court order and direction, reference organised crime.
- To the present, 10% of the community, given the opportunity

to accept cash in a '**brown paper bag**' as the standard procedure of corruption in the building and construction industry, **will do so, especially if the scam is abandonment. (To see and do nothing as in our case.)** The problem is that 90% of honest people in the community, leave it to the Police Commissioner Bob Atkinson and other key Government officials, '**whistleblowers**', activists, sponsors and volunteers to write off their life savings to win in court by exposing the corrupt system, hence '**law reform**'. In brief let's look at the latest conspiracy of those 10% in the community responsible for protecting organised crime. **These are the people identified in supporting a new Brisbane City Council by-law, to prevent our mediation initiative, with the carriage of justice. If this 'technical solution' is not allowed to function as a community based project, then our natural justice, liberty, freedom and basic human democratic rights will have been destroyed.** As the Church and community put it "**Our prayers go with you,**" Amen.

- What can you do to help? Vote '**NO**' to the corruption promoted by the Commonwealth Bank, to the Queensland Police and Brisbane City Council, **to stop the use of our carriage of justice,** to create a by-law to rule in abandonment of our '**Crime Stoppers**', '**Law Week**' and **the confessed bank fraud to gain a Supreme Court solution as directed.** In brief we were notified by caring Brisbane City Council Officers "**Your case may be a just cause, but if you are successful it will only encourage other people to copy your success.**" The bank's primary objective being, as confessed by Grahame Ledwidge in mediation quote, "**We operate for the shareholder's profits and the top end of town.**" Hence we do the obvious; we are proud to volunteer to support Chris Watts as Commonwealth Bank mediation expert who directed "**We must protect our mothers at all cost.**" Look at her loss, all the other defendants who hold legal contracts to buy land ignored by Grahame Ledwidge and his Risk Management direction quote "**To rip up the contracts.**" Each defendant must be paid by law. **Due to Chris Watts confirmation of bank fraud.** Reference Clark and Kann Supreme Court affidavit 4461/2001, reference Police Crime Reports 182-289. **Please support the next step up for the Barrister's fight for a goal term.** As the Prosecution Department directed, care of Assistant Inspector Mike Ede supporting the Police Commissioner Bob Atkinson, quote "**Further fraud charges will be laid, but it will not happen over night.**" We agree with Chris Watts and ASIC's Commonwealth Bank CEO's solution. Hence create bank solution/closure by

LAW OF ABANDONMENT.
