

Why community cabinet CRIME REDUCTION PROGRAM, 28?

Police Crime Report No 296

Why stress test S. Court / Justice system / Registrar I Mitchell's direction "Throw this Police (checklist) evidence in the bin," to

WARN - REFORM - CORRECT?

Adam Sambrook, Reg Klieidon, Peter Lee, Karl Bluman, Simon Hart Solicitors exposing James Conomos / Rob Wilson for LSC now proven ruse / conspiracy to run our subdivision at a loss by S. Court planned abandonment to claim ownership. To mean, to trick S. C. Judges Mackenzie, White, Muir, Byrne & deJersey by vexatious acts. To crystallise the loss by liquidation of Badja P.L. See the method / trap / proof and cure for your clarity.

Premier 'Smart State' personal direction - Police Com checklist

CB CEO IT policy - Lord Mayor 'Can Do' promised press release

To control the crime scene with criminology / lateral thinking / engineering / crown order. To let the conspiracy run it's natural course, then lay fraud charges.

Evidenced by Rob Wilson / James Conomos panicked confession after proven perjury "If I go down lots of people will go down with me." In Magistrate Court 422/2000-2 / banks Sol. S. C. AF. 4461/2001, Tim Allen accountant's \$10,000 damages confession, no closure - arbitration, CIB & confessed Insurance Council fraud by

ABANDONMENT OF THE TRUTH

By lateral thinking / criminology, by establishing Commonwealth Bank liability, by payment of \$25,000 our next step was to ensure the ex-DPP Public Prosecutor / forger / fraudster Davida Ellen Williams went to prison. Davida has been struck off as a Barrister and we believe will be imprisoned again for more fraud charges in due process.

- Now with discussions with the Barrister David Finch 3406 7737 for the Legal Services Commission it is important for the commission to strike off the Solicitor James Conomos for his complicity with the Head Contractor Robert James Wilson to make fools out of the five Supreme Court Judges by their vexatious acts for planned liquidation of Badja Pty Ltd / the Commonwealth Bank conspiracy. To mean, Asst. Com. of Police Pat Doonan, Insp. Ray Loader, Det. Sgt. B Heath, Det. Sgt. T Kidd to over rule the Premier, Lord Mayor, Police Commissioner, Chief of Staff, Area Comm. law and order policy by Supreme Court Registrar Ian Mitchell's fraudulent direction. To throw you off the correction course to simulate the Commonwealth Bank Risk Management for confessed self greed and self gain by Police confessed Risk Management. **To create the illusion as a group of defendants we were criminals.** Then with their multiple failures to use the standard scam of the Attorney General's release "Not to sue the Police for wrongful arrest." To drop the fraudulent charges by Trevor Kidd by criminology in exposing the fraud to see why the Crown / Chris Watts / Commonwealth Bank, etc. will back up the Police Commissioner's team who rule quote "You cannot live the rest of your life with unsolved crime." Could you?
- **The importance of the fraudulent action exposed by the Chief of Staff Superintendent Peter Martin.** The Assistant Commissioner Pat Doonan closed this case on the basis of Police availability and time. The Assistant Commissioner confessing he out ranked the Chief of Staff and the Area Commander had now retired then adding "They would not be a problem."
- The Chief Justice Paul deJersey as confirmed by the media to gain his press release **barred Davida Williams from ever practising law.** He also gagged the Tribunal, the honest Police, 'whistleblowers', advocates, sponsors and

volunteers by the **abandonment of this community cabinet crime reduction program / open door policy.** (Law reform) Hence the solution, Judges and Magistrates must set a time limit by reform to create **both a standard Police / Court procedure** to order with Judges (Muir) confessed "No clarity" (Brabazon) warning / "Not the way to do it" by abandonment of the case. To rule "To be back in my court within 45 days armed with the truth, to gain closure. To be accountable by law. To prevent malicious intent for self greed and self gain." Again by Police direction "You cannot live with unsolved crime for the rest of your life."

- By law, criminology and psychology as expert Dr. Frank Walsh quoted "It (to mean this case) is not over until it's over and it's not over yet." For the Bar Association / CEO Daniel O'Connor to rule "As Davida stood down from the Bar it's no longer our problem." That is a confession of fraud by consorting, association, accession and abandonment. The Bar Association must be accountable in line with Supreme Court Registrar Ian Mitchell for their fraudulent action. To apologise to both the courts and the Police as it is clear the Courts and the Police Commissioner Bob Atkinson have the power, based on the fraudulent actions of the above. To study the crown direction of Colonel/Judge Pat Shanahan for the Queensland Law Society and the Legal Ombudsman Jack Nimmo for the Crown. **To enforce the study of the court transcripts and the money trail under the direction of the expert witness John Bright who set the traps.** We gave our money away "To crystallise the loss," where the now prisoner Davida Ellen Williams confessed the bank conspiracy / deals were struck behind closed doors by abandonment of the truth.
- **The Judges and Politicians have given lip service** to mean, "Find a solution," the promise "To write up a press release." At no time have the Courts corrected the multiple bank conspiracy. **They have failed to enforce the correction** with a judgement appropriate for the conspiracy. Supreme Court Judge Byrnes warning of a 5 year gaol term went close. **All have failed to act on the balance of law.**
- The need to follow the lead of the primary witnesses to keep on telling the truth and demand closure by law.

- **In brief Supreme Court Judge Mackenzie, White, Muir, Byrne and deJersey have failed the stress test. There has been no correction, only planned abandonment by fraud.** Hence the Crown direction, **to prove abandonment is fraud.** The need for 5 Supreme Court Judges to reform the law. Hence the Police Commissioner's confessed nightmare, having the power but urgently needing the teamwork of advocates, sponsors and volunteers to back him **to create new law.** Hence with simulation what is the next Police step? Look at the law / truth for the answer. Call in all the experts in accountancy, law, mathematics, criminology, psychology, engineering and in particular false insurance claims, false CIB charges and the Attorney General's release scam as above. The Magistrate's Court Registrar in Holland Park and Brisbane gave the next step. The Vexatious Litigants Act, hence Justice Susan Kiefel's valuation upgrade. In brief see Police Crime Reports 261-2. Magistrate Austin confessed fraud in 422/2000-2 **"I do not care what (anyone from) the Police Minister down has to say." The importance he did not care about the arbitration fraud.** To expose the \$10,000 insurance scam. **He saw only the illusion / trick, this is the fraud? The need for the Police Commissioner to convince the Police Minister Judy Spence of the illusion or fraud in creating her failure to back him with Government policy for law reform. As explained** in the media press release of our good fortune that the Police Commissioner represents the people, the community and not just the Commonwealth Bank shareholders and the top end of town. Hence the Commonwealth Bank's direction to blame their Relationship Manager James Pitman and pay \$25,000 for a part confession of guilt and refusal to give a full confession of guilt for confessed self greed and self gain **at the cost to the community.**
- As a summary, in brief Supreme Court Judge Mackenzie was given 2 affidavits, one from the Solicitors Wardrobe and Son as a standard fraudulent presentation to the Supreme Court quote **"We had the money to pay." Why would we continue to pay engineers confessed extras up to 300% over cost price? Do you see Comm. Bank Chris Watts bank confessed circus.** Hence

the correction. Two, a private affidavit to state **"The subdivision was run by organised crime / the 'bagman' R Wilson / James Conomos Solicitor down."** With Police / court ordered mediation this will gain closure.

- Supreme Court Judge White then directed disclosure but was given the Commonwealth Bank conspiracy. Supreme Court Judge Muir had the option to expose the Commonwealth Bank conspiracy but confessed his **"No clarity"** in following the fraudulent illusion to liquidate Badja Pty Ltd. **Instead of clarifying the \$10,000 was an insurance scam.** Exposed by the previous engineers and CIB reports that Rob Wilson was forced to acknowledge in 422/2000-2, **based in part on 300%** proof of claims over cost in engineer's reports. **Magistrate Austin was not prepared to inquire into the detail as explained in the Police checklist.** Hence Supreme Court Registrar Ian Mitchell illegal act by fraud by abandonment to direct Police evidence and proof to be thrown in the bin. (Every Police person's nightmare)
- S. C. Judge Byrne gave the warning of a five year gaol term as a correction but also refused to follow up on the detail as explained by Solicitor Allens Arthur and Robinson **"They only acted under the instructions of Grahame Ledwidge for the Commonwealth Bank,"** whose directions were not to give Supreme Court disclosure by abandonment of the facts.
- Supreme Court Judge deJersey and the Legal Services Commission, according to their court transcripts, gagged the primary witness acting for the defendants, **who collectively have lost millions of dollars in an effort to support law reform and create the law of abandonment as directed.** The editors and journalists requested a media report. Chief Justice Paul deJersey, instead of giving understanding and clarity abandoned the Police background detail. The fraudulent actions of Trevor Kidd to create the illusion that **the key defendant was a criminal by creating the illusion that the defendant had a criminal record.** We met with the Police Ethical Standard Command but due to the history of the previous Police Commissioner Terry Lewis and the confirmed standover tactics of the CIB on file at the Mt Gravatt Police Station to prevent justice, we felt intimidated. We chose the Police Union's invitation with our sincere thanks to **protect**

both the Police and the community at large, via the support of the Assistant Inspector Mike Ede of the Police Prosecutions Branch. **Mike is monitoring this case for the Commissioner because Mike explained that Belmont did not have a local Police Station to monitor our case.** As explained by the ongoing thuggery and violence and covered up extortion demands perhaps the best example in fleeing Brisbane, in suffering several family suicide attempts, being stood over by the CIB and Fraud Squad, Senior Sergeant Wiseman's direction on moving to Caloundra quote **"To remove yourself from this Police Station."** As another Police Officer put it, **"The Police Station is not a place for a public forum."** Hence the need to backup the Police Commissioner Bob Atkinson and his Chief of Staff Superintendent Peter Martin and the Police Union as Dr. Frank Walsh psychologist put it **"To understand the benefit of both,"** to be part of a team and to never give up on organised crime, no matter what the cost. The importance as a Judge to always rule with clarity and trust your own instinct to follow the Police checklist.
