POLICE / BANK / LAW / CUSTOMER SERVICE REFORM POLICY

'Bagman' confessed "My name is mud!"

Acknowledge law and call in all the experts?

- Valuer / defendant Terry Buckley's direction "Learn to listen."
- Acknowledge editor Sunshine Coast Daily, Bill Hoffman's need for a **press release to Premier Peter Beattie's solution.** Acknowledge Police Minister Judy Spence need by law to correct Magistrate Austin's fraudulent confession 422/2000-2 transcript "Yes, well, I do not care what (anyone from) the Police Minister down has to say." Acknowledge Rob Wilson Head Contractor's confession "If I go down, lots of people will go down with me." **Now armed with Police Ethical Standard Command direction / fresh evidence and proof,** our ex-DPP Barrister / prisoner ran this court case for three years in conjunction with a proven arbitration scam in Engineering House Edward Street. To gain over \$500,000 in legal costs. To make fools out of S. C. Judges Mackenzie, White, Muir, Byrne and deJersey by transcripts and press releases. **Acknowledge the abandonment of the truth.** Acknowledge Legal Ombudsman Jack Nimmo's advocates brief. **Forget about the money for the present and concentrate on the law, with the aid of natural justice.** (Self regulation will open the door to law reform.) Acknowledge the Legal Services Commission next step. Hence the 'bagman's' Solicitor James Conomos must be the **next legal counsel to be struck off by the balance of law.** For his fraudulent instructions to assist the 'bagman' in his fraudulent directions to liquidate Badja Pty Ltd for a trifle to expose their confessed ruse.
- Q. L. S, Judge Pat Shanahan ruling "Do the obvious, you cannot sue for abandonment. Prove abandonment is fraud." Hence the obvious

LAW OF ABANDONMENT

- The need to acknowledge Rescue Management / prevention / criminology. We support the engineer John Koek's order, CIB trap to finish, gaining evidence and proof to lay charges. The need to think in reverse, being told the ruse was "To run our 22 block subdivision at a loss to claim ownership by non completion." Adam Sambrook our original Solicitor explained the 'bagman's' first three Solicitors Peter Lee, Karl Bluman, Simon Hart confirmed this Commonwealth Bank conspiracy. As it was too much for him, he passed it over to Reg Klinedon / Bain Gastien Solicitors who passed it on to the Queensland Law Society / Crown Judge Pat Shanahan.
- After the 'bagman' attempted to beat up the electrician, with CIB reported four witnesses, a report was drawn up by the civil engineer with confirmed invoices for

electricians costs to be held off-site for six months.

- The problem arose when Sen. Det Sgt Leigh Gorrie and Det Sgt Trevor Kidd were called out to investigate the in-home invasion and nun chucker attack. One prospective couple / now land owners were so fearful of the Head Contractor, **hearing his abuse,** knowing his ongoing thuggery and standover tactics, as confirmed by the Rev. Michael Veary and his wife Doris. They were also witnesses to these assaults. Our witnesses were so traumatised; they directed they would only give evidence if instructed by the Judge. **To mean, the Judge's protection from organised crime. This never happened. All were abandoned.**
- Trevor Kidd also ignored the detail of Rob Wilson's handwriting on the 'For Sale' sign which was designed to crash sales, to ensure the bankruptcy of Badja Pty Ltd reference Police Crime Report No 235.
- Inspector Ray Loader's acceptance of extortion is strange indeed. He said "Rob Wilson's demand for \$200,000 was a commercial decision. If you had paid the \$200,000 he would have stopped trying to beat you up." After Rob Wilson used up the \$255,000 'slush fund' he had gained by proven false claims up to 300% over cost. Rob spent it all in legal fees and paying for violence and thuggery as reported in the CIB engineering report in 422/2000-2 ignored by Magistrate Austin's confession of guilt. Explained by law in Justice Susan Kiefel's Commonwealth Bank valuation correction. The importance to acknowledge Police Crime Reports 261-2. To acknowledge the Police Commissioner Bob Atkinson's backup, to the Brisbane City Council's direction "You must set out this case for the Qld Police so they can get the credit for a job well done." Backed up by the Brisbane City Council Lord Mayor Campbell Newman. **He has promised a press release.** Hence these Police Crime Reports as we wait patiently for his 'Can Do' press release correction. So we can get the editors and journalists on board to expose the Brisbane City Council Internal Investigation Department and ATO backup. Why has Tim Allen accountant refused to do our 2003-4 on tax returns? Acknowledge what he has to hide. **The ATO confirmed ruse in running subdivisions and construction sites at a loss for confessed self greed and self gain by fraudulent liquidation to gain ownership is a fraudsters paradise.** The scam is to gain the contract, then control the crime scene by conspiracy, in part by wet weather planned mud slide / insurance scam, instead of the normal completion.
- On the 1st December 2005 after posting out some 297 **separate** Police Crime Reports to a mailing group of experts, now over 600, setting out the ongoing thuggery,

violence and standover tactics covered up by Det. Trevor Kidd and his laying false charges, to create the illusion that we had a criminal record. It's clear by law that in Police Crime Report 245 our accountant Tim Allen is in fear of the Commonwealth Bank and organised crime. **Although we feel protected by law with Tim's pre-planned \$10,000 damages confession, signed by Tim, to this date Tim Allen has refused to give the written detail / tax returns / money trail to win in court.** Please confirm with Telstra approximately 5 phone calls at around 6:00pm from Tim Allen 01-12-2005. Tim confirmed quote **"We've done you over good haven't we."** Looking at the obvious, how could a qualified accountant sign a damages confession for \$10,000 and fail to give the detail? Det. Sgt Trevor Kidd charged my son with stealing an abandoned \$300 hand made used backhoe bucket given away, not sold but abandoned on-site for 8 months, reference proven criminal code S391. **Acknowledge the arbitration scam, the 14 months hire of our excavator and tip truck was never paid.** This case was thrown out of court. What was the purpose of this fraudulent act? The Crown direction **"Look at the obvious."** Kidd colluded with Rob Wilson as part of the confessed conspiracy. **Hence P. C. R. 261-2.**

- We worked closely with the Chief of Staff Super Peter Martin, Police Com. Bob Atkinson to ensure that our ex-DPP Barrister Davida Ellen Williams went to prison. After Davida was protected by the Attorney General Rod Welford, as a previous university law student buddy, he confessed his need for the Police correction to Davida's criminal conspiracy. He resigned as The Minister for the Attorney General's Department (there was more than one resignation, Dr Ken S Levy QC. Hence our A.G. **'whistleblowers'** support at the top). **It's become obvious the Police wish to protect the Attorney General's release "Not to sue Police for wrongful arrest." The false charges are an obvious sacred cow that the Police value in crime control for self protection. This explains the down side of Risk Management over Rescue Management.** This greatly disadvantages by law innocent people in the community when they are looking to run their case, where Detectives such as Det Sgt Trevor Kidd lay fraudulent charges **to create the illusion that the innocent are guilty.**
- As defendant Mark Bishop explained **"The importance to only tell the Police what they need to know."** To mean, based on Mark's experience, its obvious the Police Ethical Standard Command / **CMC to date have not investigated the detail that Trevor Kidd refused**

to investigate. Why did Trevor Kidd refuse to investigate the nun-chucker attack? We gained more assistance from the Police Union and the Police Commissioner Bob Atkinson direct. Now the Police Ethical Standard Command care of Inspector Ian Jensen and Steve Maney have been forced to acknowledge the CMC fraudulent handling to this confessed Comm. Bank conspiracy.

- The five Supreme Court Judges did not gain the mediation and disclosure detail **as they ordered.** To pass on the clarity Supreme Court Judge Muir desperately needed. To acknowledge the fraud by our ex-DPP Barrister driven by organised crime, to make fools of our Supreme Court system. Hence to comply with Supreme Court Judge Byrne's correction and his **reputation** for sound justice. A **"Five year gaol term is warranted" for this Q. L. S. case of Crown confirmed fraudulent legal counsel and Comm. Bank conspiracy.** Hence the need to acknowledge the added bank engineers due process valuation **paid for by the defendants / solution P.R.C. 261-2.**
- Chief Justice Paul deJersey with proven evidence and proof of a sick legal system, **followed the current Government policy. Similar to Supreme Court Judge Muir, by law to liquidate for a debt of \$1. (Or a \$10,000 trifle on a multimillion subdivision, explained by Solicitor Reg Klieidon as throwaway money as confirmed by the Insurance Council of Australia by their abandonment to correct this insurance scam. Based on the legal costs involved.** Leaving it to the Police Commissioner and his advocates and sponsors to correct this Comm. Bank conspiracy.) Hence Chief Justice Paul deJersey's nightmare to rule over Government policy. Police Minister Judy Spence has not backed up the Premier's direction as a Solicitor. Hence **Police current direction for crowd control and have you moved on,** still applies. Evidence and proof as a typical example of 12 Police Stations, Snr Sgt Wiseman Caloundra Police Station. After the confirmed Bright family supporters suicide attempts in an effort to stop these Police Crime Reports, **for naming the Detectives involved.** Hence the new Government policy urgently requested to resolve planned abandonment by setting out a press release based on natural justice for editors, journalists and community to acknowledge. **Fraud is Australia's No1 crime.** For the obvious urgent need for Police training in the areas of corporate fraud and white collar crime. To acknowledge by law the Comm. Bank confession, care of Chris Watts mediation expert **"This case is a**

bank circus." For the obvious reasons, he did not wish to get involved with the confessed rogue manager Grahame Ledwidge's mishandling of paying \$25,000. **To one defendant only, not all defendants, to admit liability and to break the law.** Ignoring legal counsel who has confirmed Comm. Bank fraud as explained by studying the details in the past 298 Police Crime Reports.

p.s. Hence the importance to acknowledge the Magistrates Court Registrar's technical solution. **To acknowledge the red light camera principle, to match the fire alarm, smoke detector and automatic sprinkler system as used by the fire service in their rescue management success to save peoples lives.** As we do in healthcare / prevention training to Crown approved standards. As opposed to the Police, bank, law, customer, Risk Management policy to risk lives (suicide). Hence Magistrate's warning to protect John Bright. Hence with the aid of natural justice to first remove the criminal actions of Barristers and Solicitors and the Attorney General's Risk Management scam in supporting the Police Risk Management failure as directed by the Crown. **To prove abandonment is fraud.** Hence as a technical expert team by law, the before and after photographs to protect building and construction industry inspection section, (BCC) knowing the details that are available at the present time to support the Qld Police Force to lay fraud charges. **To gain closure to this case.** To prove the value of leadership and Police Com. Bob Atkinson and his team backed up by the Premier's 'Smart State' and the Lord Mayor's 'Can Do' policy. The CMC are now accountable to acknowledge their fraudulent actions by abandonment of the Police Com., P. E. S. C. and Police Union under the direction of the Crown as proved by the abandonment of 5 Supreme Court Judges. As a Police advocate we could not abandon them and our mums and dads and first home buyers, cheated by the actions of this confessed Comm. Bank conspiracy. Under the control of Grahame Ledwidge in his confessed Risk Management fraud. Barrister's direction: -
