We confirm Lord Mayor Campbell Newman's team, intelligence & promised press release, by law to back up Bob Atkinson's plea, reference PCR 261-2.**

### ACKNOWLEDGE THE CORRECTION

CHARTERED ACCOUNTANT

**\$10,000 damages confession for Lord Mayors press release / insurance scam / ATO tax returns demand PCR 245-98. Sisters of Mercy backup 1% Badja P/L plan to protect the mums and dads, first home buyers, our 22 block subdivision and Healthequip, a business that saved lives**

**ONE STEP AT A TIME**

As the 5 Supreme Court Judge's Mackenzie, White, Muir, Byrne and deJersey have not made the Crown correction to the precedence for law reform to do as ordered "**You cannot sue for abandonment, you have to prove abandonment is fraud.**" Crown / CEO Peter Carne Queensland Law Society has now stepped in to assist the Supreme Court Registrar Ian Mitchell resolve this precedence for the confirmed all-fraud (abandon, litigate, liquidate = fraud). To create a procedure by law to assist the Police overcome the embarrassment of this confirmed Commonwealth Bank conspiracy identifying the Attorney General's fraudulent procedure correction. As the Police rule, "**It's the detail that solves the crime.**" "**You cannot live with unresolved crime for the rest of your life.**" Hence as Assistant Inspector Mike Ede Police prosecution confirmed, the problem lay with Belmont not having a local Police Station. Hence there were 12 Police Stations involved. Therefore my son camped outside the Chandler Police Administration Centre for 4 years to finally gain Sup Steve Pettinger's support, then Sup. John Hopgood, Insp. Les Hopkins, Sgt Janelle Harm, etc. This led to the Premier Peter Beattie's team, then the Community Cabinet, Chief of Staff Superintendent Peter Martin and Commissioner Bob Atkinson's correction / solution. The Police checklist, the process of elimination as by law in telling the truth, **the law will win**, as you acknowledge each expert and fill in the details as you are the community and our strength. Acknowledge Healthequip has helped to save 100,000 lives with our motto '**Take the next step**' to help create '**Fit for Life**' and '**Living Health**' as just 2 examples of part of 500 accounts for the '**win-win**' approach, never to quit to help AIS win gold medals for Australia, to crime correction. (Fit out Correctional Centres) You must acknowledge Grahame Ledwidge's Risk Management policy to pay \$25,000 to 1 defendant only and to ignore all other defendants **is an illegal act by law.** To cheat and deceive the mums and dads and first home buyers. Acknowledged by our Solicitor Reg Klinedon's motive "**I will swear in court I have done the best I can.**" To bail out of this Comm. Bank conspiracy, what a disgrace by law.

- The banks own legal counsel's Supreme Court affidavit 4461/2001 is evidence and proof. Both bank Solicitor's Clark and Kann and Allens Arthur and Robinson followed the confessed rogue Manager Grahame Ledwidge's direction. Grahame confessed his guilt with Risk Management, "**We work for the shareholders**

**profits and the top end of town.**" The '**bagman**' Rob Wilson confessed in 422/2000-2. After panicking at realizing his mistakes, he perjured himself. He made false claims.

- The electrical and plumbing was buried under the concrete. (False)
- We never used your earth moving equipment. (False)
- He could not identify the photograph of his son in law using our excavator, yet Solicitor James Conomos groaned when he examined the photograph. The '**bagman**' confessed "**If I go down, lots of people will go down with me.**" You must study this insurance scam controlled by the prisoner / disbarred ex-DPP Barrister Davida Ellen Williams. The simple explanation P.C.R. 298 an un-needed trench / to create a down hill mud slide for an insurance cleanup / no pipe in trench, yet charged to help create liquidation. Sadly Magistrate Austin was misled, he had **no clarity or understanding** and confessed "**Yes, well I do not care what (anyone from) the Police Minister down has to say.**" He saw only a \$10,000 insurance claim signed off by the engineer as being rectified. See Baseline engineers report for violence and thuggery and 300% extra for claims over cost. **Note the correction of this insurance scam. The \$10,000 insurance claim was only a small part of this engineer's report.** Even the engineer John Koek confessed "**You will go down on this one.**" The reason being, the Magistrate believed it was not his responsibility to question the 300% for extras, the proven thuggery and violence and extortion. The Magistrate accepted this was part of the Arbitration claim. What a joke! Arbitration was controlled by the confessed forger, fraudster, prisoner, now disbarred Barrister who admitted the Arbitrator was only too happy to accept \$3,000 a day to rent out his room. As evidence and proof, when the 'bagman's' \$255,000 'slush fund' ran out the 'bagman' offered to pay \$8 an hour for the hire of our tip truck and excavator, when the going rate was \$55 an hour. Hence Rob Wilson's \$200,000 extortion demand / nun chucker attack for \$47,962, etc. Reg Klinedon our Solicitor confessed "**\$10,000 was throwaway money,**" on a multimillion dollar subdivision. Hence the need for 300 Police Crime Reports to explain the various triggers / the key pivotal points by law that a normal honest Barrister would have explained to the Magistrate. It's important

to note when John Koek engineer was called to explain the detail, he argued that as an engineer his time was better spent working on an engineer's rate instead of the money paid to a normal witness. Hence Magistrate Austin excused John Koek from giving evidence, as just another player where our criminal Barrister followed her fraudulent action to abandon our case in court. To bleed her own client, to cause the loss of millions of dollars, in ensuring the Commonwealth Bank conspiracy succeeded. **How could we ever expect to win when our own Barrister, an expert in crime, used all her expertise and all the criminal resources available to her to ensure Supreme Court proven injustice by Supreme Court Judge Muir's confession of "No clarity" to liquidate Badja P/L? Hence our plan to 'crystallize the loss' and work with 'lateral thinking' and the 'law of probability' and work backwards to lay fraud charges using the CIB approach of natural justice as confirmed by the Legal Ombudsman Jack Nimmo "To forget about the money for the present and to concentrate on the law and you can win this case."** It now becomes obvious that lots of people will go down with the 'bagman' who was over-paid with part of the \$255,000, (See Baseline Civil Engineers report) due to Grahame Ledwidge's ongoing abandonment of the truth. JF & Pike were approving up to 300% over cost for extras paid out by Grahame Ledwidge, despite the evidence and proof in Police Crime Reports 261-2 entrapment in this Comm. Bank conspiracy to expose the confirmed mistake of our illegal bank loan, to direct to sell land without title and deposit. We have spent \$500,000 on legal costs in total as part of the original conspiracy to liquidate, then \$100,000 on Police Crime Reports, postage and web site to correct the Crown to gain clarity to the **all-fraud** conspiracy. Acknowledge the Comm. Bank Risk Management process to become No 1 bank in Australia, then to correct their mistakes by fighting right down to the line as the Sisters of Mercy ex-Comm. Bank manager expert John Gagen confirmed. We support their Relationship Manager James Pitman's approach, **"We must search the Commonwealth Bank to find someone in the bank to listen to our story to give justice." To do this may necessitate**

**a change in the law.** Hence the importance to 'crystallize the loss' as directed in criminology, lateral thinking and the law of probability. As directed by our legal counsel Reg Klieidon in a similar fashion to Dr. Frank Walsh psychologist, the Police Com. Bob Atkinson and the Crown via Colonel/Judge Pat Shanahan, etc. **They do not have the ability as individuals to win this case.** This case can only be won by calling in all the experts by law, by following the Police checklist and as directed by Reg Klieidon. To gain **confessions of guilt, proof of liability and prove the offenders accountable.** Imagine the Comm. Bank experts looking at the ACCC's case against the Comm. Bank to run a case where an architect Gleeson was ruled by Justice Susan Kiefel **in brief to be too smart, as an investor he should have known better to gain a bank approved loan where the property was over valued.** Hence the Judge's ruling **"To value both the bank product and the bank customer."** Hence the Judge's advice to use a multifunctional approach, **the wisdom of Chris Watts mediation expert for the Comm. Bank in using compassion, humility and justice to provide kindness and support for the Relationship Manager James Pitman who was blamed by Grahame Ledwidge.**

- The standard procedure in psychology is to acknowledge blame, not to blame somebody else especially a junior manager who was used as a scapegoat and sent to Westpac. As confirmed by James Pitman quote on arrival at Westpac **"If I speak out I will lose my new job."** It's obvious James Pitman should have identified the illegal bank loan and amended the loan by law to read **the bank loan will be supplied on providing title and deposit.** It's also obvious that we made Grahame Ledwidge aware of this illegal bank loan but he too failed to give the correction by law necessitating **Tim Allen accountant being paid \$10,000 for a damages confession in losing \$100,000 by ripping up his contract.** (To make a personal sacrifice as we did to prove guilt.) As an expert by law Tim Allen reported the CIB compromise to support the Commonwealth Bank / Attorney General's conspiracy by abandonment of the truth. Hence the urgent need by law to follow the Premier's direction quote **"To find a solution."** Hence by following the Police checklist and Crown direction **the Lord Mavor Campbell Newman sensing victory**

**and justice as a trained Army Officer, promised a press release.** To support the Police Prosecution as the Brisbane City Council Internal Investigation Department have requested. A direction by law to assist the Police Commissioner / Prosecution to work as a team recognized by law to listen and to gather the details to lay further fraud charges. To show the loss of Badja Pty Ltd and now the mums and dads and first home buyers caught up in this confessed Commonwealth Bank conspiracy, where we have lost millions of dollars. To use the **'Smart State' 'Can Do'** policy to gain law reform as directed but ignored by the Crown until we built a case to win and we will win. As Chris Watts directed **"All the bank wants is closure."** As ultimately Grahame Ledwidge and his misconduct will lead to a technical improvement by law in creating a vastly improved Rescue Management policy over a Risk Management policy as acknowledged in the principles of the **'win-win' 'win-lose' and 'lose-lose'** approach. The rogue manager Grahame Ledwidge abandoned the truth and caused our litigation and liquidation, now acknowledged by the Crown experts as fraud. As Chris Watts confirmed quote **"You have a big thing about teamwork."** As confirmed by the Crown / Queensland Law Society President Ferguson warning. **"You must not allow cases of this kind to run out of control." Hence the need to back the intelligence of Court Registrars who like building inspectors, SAA law and Army Colonels taught the value of duty and intelligence must be supported in backing our Police to provide clarity and understanding. Hence the importance for Supreme Court Judge Byrne not knowing the detail, not given the opportunity of the disclosure of an honest Police report, gave the standard technical approach of a 5 year gaol term, as a real weapon in prevention management to rescue the defendants from organised crime.**
