POLICE CHECKLIST BY LAW IN SITE SOLUTION SYMBOLS.”

Dead end sign, South end Summit St. Belmont Q 4173, technical solution and closure by law. Plus \$10,000 insurance scam, weapon simulation, CIB suicide solution, confirmed CIB fraud. Hence BCC intelligence guides Police checklist for Lord Mayor Campbell Newman's promised press release to Premier Beattie's solution.

FOCUS ON NATURAL CORRECTION TEAMWORK

Police advocates / Area Commander Superintendent Hopgood's, direction to lay fraud charges. Chief of Staff Martin, Police Commissioner Bob Atkinson's confirmed Comm. Bank confessed conspiracy / 'bagman' / ex-DPP Barrister - prisoner / \$500,000 legal cost to trick S.C. Judges Mackenzie, White, Muir, Byrne and deJersey with vexatious acts. Hence Judges natural self regulation correction to planned human error by fraud. To abandon, litigate, liquidate = fraud is Crown, QLS, court registrars Brief solution

LAW OF ABANDONMENT

See evidence and proof!!!

Acknowledge disbarred Barrister / prior opinion “**You suffer from information overload.**” Her direction to lose in court “**By abandonment.**” Note after **Bar Association abandonment**, the Crown, Qld. Law Society, Supreme to Magistrate Court Registrars tact and style / diplomacy by law / procedure and presentation to acknowledge **all-fraud** / Supreme Court affidavit 4461/2001. To satisfy by law the Comm. Bank expert legal team, Clark and Kann, Allens Arthur and Robinson and P I's. Hence correct and create Comm. Bank closure by law. To answer why confessed rogue bank manager Grahame Ledwidge would not confirm the Supreme Court Judge's orders to mediate and give disclosure about the payment of \$25,000, to admit bank liability. Our accountant Tim Allen has also been forced to live in fear. **From criminal violence and thuggery, the Comm. Bank and the CIB intimidation, due to his acceptance of \$10,000 for a damages confession.** See P.C.R. 245, hence the psychology of abandonment criminology to support Nobel Prize medical solution / cure P.C.R. 293. **Also evidence and proof in ripping up his contract to buy land below cost at \$75,000, to lose over \$100,000 to prove Comm. Bank guilt.** To backup the Sisters of Mercy 1% Badja Pty Ltd entrapment. Study Fr. Dobson, Fr. Duffy and Calcare, P.C.R. 221, 223, 271, 290-1, with still more correction details in reserve to protect all the other defendants. The Crown directed to supply the money trail. To mean, in brief, the fraud that cost us millions of dollars in a confessed Comm. Bank conspiracy. Hence the need to clarify the details that gained the direction of honest Police and Attorney General administration victims. Hence the Police checklist, SAA law, \$10,000 insurance scam, Police Crime Report 253, 298 and removed bales of hay to create flooding / arbitration / insurance scam.

Acknowledge our trained Brisbane City Council technical experts backed up by Senior Constable Max Williams P.C.R. 206*** Wynnum Police crisp reports / court transcripts or even to a casual observer, this is the 'after photograph' when the bales of hay had been purposely removed prior to a thunderstorm, to create the maximum damage to flood our subdivision. Hence the importance to study the 'standard before photographs' (simulating the red light camera P.C.R. No 224***) of the bales of hay 'in place'. For the Brisbane City Council warning on record. **Do not continue to flood the streets and the drainage system with silt and sand as this breaks Government and council bylaws.** The Head Contractor confessed with further infringements he would be charged (as

confirmed by the Wynnum Police). This flooding was designed to prevent completion. **Proving the technical \$10,000 insurance scam. Hence multiple proof of guilt by Police correction by law for the Brisbane Magistrates Court correction to vexatious acts.** To correct the failure of the Supreme Court to acknowledge their human error in false claims of \$255,000, \$200,000, \$47,692 and in-home invasion and nun chucker attack. Due to the Barrister / CIB cover up where CIB Det. Sgt. Trevor Kidd made charges to create a false criminal record. To trick **Supreme Court Judge Muir who confessed no clarity but ruled false liquidation of Badja Pty Ltd, over this now proven \$10,000 insurance scam correction by SAA law, vexatious acts and human error. Hence technical solution.**

Acknowledge (simulated) copy of unusual weapon taken for identification by Inspector John Earea. My son reported a shaved head, thick set, 30 year old thug armed with Rob Wilson's extortion demand for \$47,692 and this style of nun chucker could only threaten my son, **as to kill would mean no payment.** Hence my son was able to get a kitchen knife to the intruder's throat and gain control of the crime scene and ordered the thug out of his home. Acknowledge Det. Sgt. Trevor Kidd's pathetic fraudulent miss-handling of this Police investigation. Police Crime Report 298, etc.

Acknowledge Noelene, suicide victim, a nurse, my son's ex-fiancée admission confirmed by Inspector John Earea. They broke up due to **CIB standover tactics. To stop Marlin Printers from printing our Police Crime Reports. Noelene was also distressed at losing all the money.** The importance to understand the difference of obsessive compulsive disorder and control of the crime scene to gain the Premiers solution. This highlighted Det. Sgt. Trevor Kidd's and Brett Heath's standover tactics. Noelene initially argued with my son because of the ongoing demands by the CIB. Evidence and proof **Noelene harassed Geoff / Marlin Printers both at work and at home**, finally throwing my son's suitcase across the counter at the office staff. Ann the key witness reported quote “**This is not a safe workplace.**” Marlin Printers finally conceded to the CIB direction to prevent **freedom of the press.** Talk to Geoff on (07) 54915833 or 5492 7744 who gave into organised crime promoted by the CIB **to prevent lawful correction.** See Capalaba crisp reports. Noelene was driven by depression ramming her 4WD. Thankfully no serious injuries occurred.

- This led to Sen. Sgt. Wiseman's direction “**Take this mess back to Brisbane where it belongs.**” See P.C.R. 206. His direct order in front of 2 witnesses was to John Bright “**Remove yourself from this (Caloundra) Police Station.**” Hence the intervention of Chief of Staff Super. Peter Martin to direct Inspector John

Earea to take charge. Inspector's quote **"This is my Police Station, I make the decisions here."** After a 3½ hour investigation by Inspector John Earea he retired on sick leave. **Assistant** Commissioner Pat Doonan as a lead up to the Community Cabinet meeting directed in brief **"The senior Police involved are now retired, I out rank the Chief of Staff and there will be no problems."** Hence the Police Commissioner's confessed political and procedural nightmare to explain the detail to Police Minister Judy Spence, P.C.R. 261-279, who failed to support the Police Commissioner's teams direction P.C.R. 215-9, 249-251 & 259, from Chief of Staff Superintendent Peter Martin down, **"There is no Police Force in the building and construction industry in the Brisbane City Council."** Hence the technical solution by SAA law explained in P.C.R. 261-2***. **This is the Premier's solution** by increased

technical valuation as ordered by the Court Registrars, backed up by Justice Susan Kiefel's ruling and now confirmed via Super. Peter Martin's checklist. The importance to acknowledge the Courier Mail press report that led to the Magistrate's warning to the Police prosecution led by Det. Sgt. Trevor Kidd and Brett Heath **to again prosecute John Bright.** The Magistrate's Prosecution warning at Maroochydore **"If you keep attempting to prosecute John Bright he has the right to defend himself."** Hence with the support of the Premier's solution, we simply relocated with a new printer. With editor's, journalists and reporters emotional support waiting for Lord Mayor Campbell Newman's promised press release to smash organised crime. **We continued our Community Cabinet Crime Reduction Program for law reform.** Consider the attempt by the CIB to destroy the defendants by ongoing prosecution, to create a false criminal record, to destroy the lives of not only the defendants but also honest Police Officers and Attorney General's Minister Rod Welford / Dr. Ken Levy (reference Rachel Hunter), staff and the community at large as confirmed by the book **'The Bagman'** (must read) and Rob Wilson in 422/2000-2 Holland Park. As the confirmed **'bagman'** he said **"If I go down, lots of people will go down with me."** **Who are they?** Hence the need to bring closure to this Comm. Bank conspiracy. See P.C.R. reports of A./G. release scam not to sue Police for wrongful arrest, hence study the book **'Broken Lives'** for Supreme Court precedence.

Below is a photograph of my son John with his now girlfriend Ingrid, one of his supporters who confirmed that she was threatened with being **"Blown away on the footpath"** by an hysterical **woman*****. In brief, if she continued to support my son by handing out these Police Crime Reports. (This was no idle threat, several witnesses were present)

- **As the five Supreme Court Judges wait for others to find a solution to their confessed human error or failure to act,** please consider Grahame Ledwidge's direction to my son quote **"There is the solution. Healthequip has \$1.2 million worth of stock at cost."** His direction **"Sell your Healthequip stock."** We did, as **we focused on organised crime.** Grahame Ledwidge also directed **"You can cash in you super fund."** Bank staff correction; ask why Grahame Ledwidge increased our bank loan interest rate for our 22 block subdivision from 10% to 16% when interest rates were falling? Acknowledge the only reason was to follow the conspiracy to do harm. **Our credit facilities have always been sound.** Hence the importance to be led by our in-house accountant in the 80's. **To set up a self managed super fund.** The importance is to acknowledge that James Pitman was not the only manager to be transferred; we have evidence and proof of other senior management being transferred to cover up this Comm. Bank conspiracy. Hence study all P.C.R. 0-301.
- In reference chartered accountant Tim Allen's \$10,000 damages confession, you need to acknowledge the history of the Qld Police Force and the Fitzgerald Report. The **'bagman'** and the previous CIB senior Detectives working directly for Com. Terry Lewis. My son was directed **"Keep his mouth shut or we will be back."** **The long term effects of being forced to live with organised crime is confirmed in our Police Crime Reports.** Again this CIB / Fraud Squad mentality as confirmed by this Comm. Bank conspiracy to act above and beyond the law has been demonstrated by the standover tactics on our accountant Tim Allen. Even though he provided a damages confession he first gave a warning **"Do not go on a crusade, I have to work with the banks on a daily basis."** P.C.R. Tim's recorded quote now stored on CD to my son **"You gutless piece of s***."** Acknowledge P.C.R. 283-5-6. Our valuer defendant Terry Buckley gave a similar warning that he too was

controlled by the banks. Then Tim Allen gave a further warning, that the CIB Forensic Team directed in brief, what the Assistant Commissioner Pat Doonan confirmed **"There would be no further problems."** As the officers in charge had retired and he out ranked the Chief of Staff. **Except of course for the Police Commissioner Bob Atkinson.** He backed up Chief of Staff Superintendent Peter Martin, Police Union, and as a result honest Police in the Prosecution Section. Hence the Premier's solution to the Lord Mayor's press release for Brisbane City Council (intelligence). **The Brisbane City Council have no Police Force in the building and construction industry. This is known to the Australia Tax Office as a fraudster's paradise.** The ATO urgently require the accountant's detailed information to support the Crown and ultimately with CIB patience and time, to lay fraud charges. To weed out the criminal Barristers, Solicitors, Detectives and Police that benefit from the obvious corruption with the **'bagman's'** ruse **"To run our 22 block subdivision at a loss, to claim ownership by planned liquidation."** **To make their planned profit after total legal and marketing costs of \$600,000 at our expense.** Hence we did as ordered, we set CIB traps that would stand up in court, not knowing that our Barrister was a criminal, the final outcome **as the CMC confirmed, creating a 4 year delay.** Hence in calling in all the experts in following the technical direction of SAA law where by self help we provided over 300 Police Crime Reports to ensure our justice system is protected. Think of the team, the Japanese style to use the strength of your opponent, think of the women working on this case, several who have also suffered physical attacks and need our support, to focus on survival, to create the Western **'win-win'** approach. As by history to support Colonel John Bright and our family who helped to create the **Westminster system.** As Chris Watts mediation expert for the Comm. Bank confirmed **"You have a big thing about teamwork."** (Law) Hence three Colonels agree on the law of **'abandonment, accession, association'** to create the **'smart state'** with a **'can do'** policy for bank regulation. As John Gagen confirmed, ex-Commonwealth Bank manager for the Sisters of Mercy **"The bank will fight right down to the line."** (Against)
