

## Acknowledge Community Cabinet CRIME REDUCTION PROGRAM, 30?

### Police Crime Report No 303

Acknowledge S.C. Judge Muir's confession of guilt, to liquidate saying, "I have no understanding, no clarity," thus no credibility, no correction.

Lord Mayor Newman's promised press release for council, engineering inspection correction, for Police Com. P.C.R. 261-2. Why freedom must be protected at all cost.

Acknowledge fraud is Aust No1 crime. Acknowledge every conspiracy has a start, middle and end or crime, climax and closure.

### DEAD END SIGN SOLUTION

Summit Street Belmont, Q 4173

Acknowledge criminology, given the crime by the Crown, QLS and 4 QLS Solicitors. To run our 22 block subdivision at a loss,

### THEN CLAIM OWNERSHIP

Clarity gives exposure to gain a correction The Crown direction in brief, to gain closure by natural justice. CIB patience, gives the crime a purpose

### PREMIER'S SOLUTION POLICE CHECKLIST

Start with Tim Allen accountant's \$10,000 damages confession / circus. Why would he lose \$100,000 and want all other buyers to lose \$100,000 as well? Criminology is to do as the criminals expect, criminals are not that smart.

**FRAUDSTERS ONLY WANT YOUR MONEY**

### Crown crime correction by analysis to win in court!

You will acknowledge in studying this case, how easy it was to confuse the Magistrates, District and Supreme Court Judges, due to their absolute trust in legal counsel, who have turned out to be proven criminals. To explain; the community at large accept this proven fraudulent court structure as normal. With fraud, it is standard criminology procedure not to trust the person you trust the most. Hence with the freedom of the press always to enquire, the well known "Why is it so?" Then Barrister's opinion, Community Cabinet meeting "Always backup." To expose the trickery and deceit by now disbarred Barrister Davida Ellen Williams, a felon in reference to the 5 Supreme Court Judge's Mackenzie, White, Muir, Byrne and Chief Justice Paul deJersey's fraudulent outcome. They ruled over a \$10,000 insurance scam and a \$10,000 accountant's entrapment to mediate, gain disclosure and liquidate with no clarity. Acknowledged as a five year gaol term warning for Comm. Bank malpractice. Hence the importance of the freedom of the press to give a press release / report, to value the new Government policy "The CMC have been assisted by the Legal Services Commission to stamp out legal corruption." We were identified by the Crown "You are the best case out of 14 under investigation for law reform." The CMC and LSC confessed the problem lay with the four years it took to disbar our Barrister due to her own plea bargaining. (Begging to gain a three year suspended sentence). Hence S. C. Judge Muir and Solicitor James Conomos must be held accountable by law for Davida's \$1.3 million forgery, fraud and utterance / Commonwealth Bank conspiracy. (A confessed joke) Our Community Cabinet Crime Reduction Program success was to gain a six months prison term for bank fraud only after a planned two year DPP / Police cover-up. We ask for Davida to be tried on the other charges.

- Hence the grave importance of both the Courier Mail press report and the Chief Justice Paul deJersey to correct this confessed Comm. Bank conspiracy. It's confirmed up to \$20 billion a year goes missing with fraud Australia No1 crime. This is more than a Comm. Bank confessed bank joke.
- The Chief Justice Paul deJersey, the Courier Mail and the Sunshine Coast Daily as directed by the Crown owes it to society to expose our case as the best case to gain law reform. Identify the supporting details that are required as directed by the Brisbane City Council, the urgent need of Lord Mayor Campbell Newman as promised, to backup the Police Commissioner Bob Atkinson, P.C.R. 261-2.
- We lived on a five acre Lychee farm. We planned a 22 block subdivision for this property. We were fraudulently deceived by the Head Contractor whose initial three

Solicitors being honest and trustworthy, confirmed to our Solicitor that the ruse was "To run our 22 block subdivision at a loss to claim ownership by non completion."

- Acknowledge, the general direction of the Qld Police is for crowd control and to have the complainants move on. Major fraud in our case involves in total nine signed contracts to buy land. One contract was ripped up by order of Grahame Ledwidge, he said "Rip up the contracts." To create a two way or multiple defence as explained by the ACCC failure to win against the Comm. Bank. The principle to win, being mathematical as in the case of Justice Susan Kiefel, she ruled against the ACCC / Gleeson ruling he was too smart. The ACCC legal counsel, by ignoring the balance of law in providing multiple defendants with various backgrounds, allowed Chief Justice Susan Kiefel a legal way out. To mean the Crown will not defend the investors but the Crown will defend the mums, dads and first home buyers and the developer cheated by this Comm. Bank conspiracy. Hence you must acknowledge Chris Watts mediation expert and his direction to defend our mothers at all cost. Grahame Ledwidge confessed bank self greed and self gain, in using fraudulent legal counsel in Davida Ellen Williams / prisoner, the 'bagman' / Rob Wilson, the over charging agreed by the bank to create more profits by grossly over extending the loan amount. By increasing the interest rate on the loan from 10% to 16% when interest rates were falling, by supporting the corruption, proven in the Attorney General and Police Department exposed by the Attorney General's release not to sue Police for wrongful arrest and by the illegal act of the Comm. Bank to use the 'Deed of Compromise'. It was illegal because it was used to cover up illegal acts. What the Crown acknowledged and what many Police have failed to understand is our Barrister is now a prisoner for forgery, fraud and utterance. She has proved to be an unfit person by her actions in passing off as a Barrister or legal counsel. Hence all legal counsel provided, beyond reasonable doubt, has been fraudulent and each and every judgement handed down by all Judges is contaminated by law. Explained by the Crown to create the 'law of abandonment'. Davida was a criminal under the direction of the rogue bank manager Grahame Ledwidge as confirmed by our accountant Tim Allen, who in brief still refuses to provide the damages confession details P.C.R. 245 and tax returns to assist the Crown, the Australia Tax Office, Brisbane City Council Internal Investigation Department who ordered us to assist the Qld. Police Force to lay fraud

**charges.** It's no wonder Tim Allen our accountant feels intimidated by organised crime and like ourselves turned to the Sisters of Mercy, who in their wisdom put a Rescue Management plan in place. Please note Tim's request in gaining support from Fr. Dobson, (Fr. Duffy and Calcare and Dr. Frank Walsh) was on condition we would not let it be known that the Sisters of Mercy were offering financial support. **As obviously they are not a bank.** The Crown, Q.L.S. acknowledged that ours is a special case, to provide as quoted **"Expressions of mercy."** To work behind the scenes in brief to help Healthequip survive and go on and help save another 100,000 lives. **Hence Police Commissioner's Ministerial request for backup.** As the honest and caring Comm. Bank management confirmed in providing Healthequip with over \$1 million ongoing standard credit facilities to provide health care and quality of life. Prior to Grahame Ledwidge's confession of guilt quote **"We never said we do not make mistakes. You should have known." We did!**

- The Crown has confirmed Grahame should have said **"Redraft the sales contracts, have the new contracts signed and then rip up the old contracts."** Instead Grahame said **'Rip up the contracts.'** Hence this Comm. Bank conspiracy involves corruption as proved from the trickery and deceit from the ex-Attorney General Minister Rod Welford as he confessed through the Attorney General's Department, through five Supreme Court Judges, the District Court, Magistrates Court and through our Police system. Hence the Crown ruling **"Your story is so unbelievable it's believable."**
- As the Crown direct, natural justice, criminology, lateral thinking, the law of probability are the corner stones of justice. Hence the next step to acknowledge freedom of the press. By law we must ask all the experts as the Comm. Bank Relationship Manager directed. James Pitman was blamed in part for the illegal loan agreement. To resolve this confessed Comm. Bank conspiracy, James said **"You must search the bank, to find someone to listen to your story so that justice can be done."** This has become both a legal and freedom of the press problem ruled by some Police not as fraud, but **"A commercial decision."** To explain; Inspector Ray Loader's quote **"The demand for \$200,000 or 2 blocks of land by the Head Contractor Robert James Wilson was not an extortion demand. If you had paid him, he would have stopped trying to beat you up. It was a commercial decision."** (No joke!) In defence of Inspector Ray Loader, it would appear at best he believed we owed the Head Contractor / **'bagman'** \$200,000. It's obvious by the due process of law the

Head Contractor was a fraudster, confirmed by Area Commander Superintendent John Hopgood's detailed investigation. Now covered up by Assistant Commissioner Pat Doonan's direction quote **"There will be no further problems."** (**Compounding the fraud.**)

- On further investigation, we were told the reason fraud charges were not laid is because the Crown do not have a budget to cover the high legal costs. The importance therefore, for the user pays principle. **The more fraudsters, the more the fraudsters pay, then the more revenue the Crown makes to ensure justice for the defendants with an improved standardised ministerial legal system by law.** This reduces crime costs. The good news is, less fraudsters go to prison. **Do you see our motivation, the need in studying law, never to give up?** To agree with Chris Watts for the Comm. Bank **"All the bank wants is closure."** To confirm the stupidity of Risk Management, to risk destroying bank customers for confessed self greed. Backed up by the natural justice of the **'bagman's'** confession after confirmed perjury to gain a \$10,000 insurance scam and in his panic to confess **"If I go down lots of people will go down with me."** Who will go down with him? With the CIB's direction for patience and time to lay fraud charges. Hence the need to acknowledge the need to volunteer a community cabinet crime reduction program by the use of standard ethical procedures as directed by the Crown.
- The Premier's invitation to meet with the ministers and senior Public Servants have exposed the technical mechanism required to correct this Comm. Bank confessed conspiracy. **Natural justice only requires to do the obvious.** The press acknowledge up to \$20 billion a year goes missing with fraud, then the obvious solution is to change, modify, upgrade the technical system, to take the next step. To keep it simple, the **'win-win'** approach as opposed to the **'lose-lose'** approach. It's acknowledged self regulation is not always best. Explained as ethical standards in general as one detective put it **"I hate beggars."** (Davida Williams) He confirms the 5% of detectives who have failed to acknowledge the fact that since September 1995 in starting a simple 22 block subdivision, we have followed the Crown and Supreme Court orders to mediate and gain disclosure, under the direction of the Premier to volunteer millions of dollars to correct Grahame Ledwidge's now proven fraudulent actions. To initially sell off \$1.2 million worth of Healthequip stock, then the Healthequip business to pay the \$500,000 illegal / legal costs, \$100,000 in Police Crime Reports. To get across to these 5% of Detectives, similar to the Detectives who worked for Police Commissioner Terry Lewis, (See our CIB file Mt. Gravatt.) they cannot act

above and beyond the law. We find it offensive that in volunteering to support the mums and dads and first home buyers and the developer, that these detectives refer to **us** as **'the beggars'**. As the Police Commissioner Bob Atkinson confirmed **"I am pleased to see you wear our badge in support of the Police."** If Police and detectives fail to acknowledge crime correction, criminology and doing our duty, then it's obvious we must stand firm behind the Police Commissioner Bob Atkinson until by law in calling in all the experts this Comm. Bank confessed conspiracy is resolved.

- In brief, this seems to be a marketing problem. **It's important that you understand the Comm. Bank conspiracy as a community standard.** In general a developer in buying a five acre block to build a 22 block subdivision as a standard in Brisbane in 1995 would expect to pay from \$600,000 for the block of land, see PRA Realty offer to buy. JF & Pike engineers total costing \$858,025 job No B1701, 31-09-95 for our complete subdivision costs. The standard \$16,000 a block in council fees and bank interest in taking a gamble on completion, for a subdivision working through the initial design stage. With a confirmed contract price of \$358,000 and expected cost of \$16,000 per block as a standard construction fee at the time. Our subdivision at Lychee Place Belmont Q 4173, was a simple subdivision. Hence, as we owned the property, we had council approval and we had to pay the minimum setting up fees. What should have happened, as our development was well under the standard \$64,000 cost per block, is that we should have shown a handsome profit, instead of Supreme Court Judge Muir's **no clarity and criminal liquidation as planned by the fraudster's conspiracy acknowledged by the Crown.**
- In defence of the ex-Attorney General, the Minister Rod Welford gave a personal apology and moved to a new ministry. Director General Dr. Ken Levy resigned and there is a lot more that went on behind closed doors, to cover up this conspiracy. The Police are now in charge of this case for
