2nd chance

'Try again' A. G. Minister Rod Welford HAS A 2nd CHANCE TO GET IT RIGHT

**The crime / the "Commonwealth Bank circus I do
not wish to be part of!"**

Named by bank mediation expert Chris Watts.
Chris, Rod Welford, the Crown / Q.L.S. experts
Colonel / Judge Pat Shanahan and the Police gave
orders, **"This is the best case for law reform,
follow the court transcripts and the money trail to
PROVE GUILT."**

Risk Manager Grahame Ledwidge gave our money
away to racketeering influenced corrupt
organisations. Police Commissioner Bob Atkinson
asked for help to

integrate this RICO Act into Australian law.

Police Crime Report No 329

Proof 300% budget blowouts for time and money are fraud. Due to the now proven fraudulent intent and malpractice of Davida Ellen Williams in her capacity as an ex Public Prosecutor and Barrister, with her many friends starting from the top of the Attorney General's Office, DPP, and Police Force, with her reported friendship with well known Judges, **Davida as our Barrister, succeeded in her crime of convenience by total breakdown to law and order.** Key Judges Mackenzie, White, Muir, Brabazon, Dick and Hoath and Magistrates Austin and Dillon, then Chief Justice Paul de Jersey, etc., confessed and demonstrated **'no understanding or court clarity'** to the Head Contractor's trick or illusion known as fraud but also understood in criminology and counter racketeering as **entrapment by self correction crime control.**

In brief Supreme Court Judge Muir liquidated Badja Pty Ltd with confessed **"No understanding or clarity"** for what he saw was a \$10,000 debt over an insurance claim. This \$10,000 fact is a now standard E.P.A. / I.P.A. trick, trigger, trap or scam used by the Head Contractor to gain liquidation. Hence gain ownership as a creditor to our 22 block subdivision. As explained by his first three honest Solicitors, who passed on this ruse to our Solicitor, to enable us to set out this case for the Queensland Police Commissioner. So the Queensland Police / B.C.C.I.I.D. / Lord Mayor Campbell Newman and the Premier Peter Beattie will get the credit for a job well done. Hence under orders, we sacrificed all to prove guilt to gain the RICO Act into Australian law!

Chris Watts acknowledged our **'teamwork'** to study criminology, mathematics and

international law, but most of all to fully understand **our duty / blind faith in the Police checklist, in the process of elimination,** to prove that Police detail solves crime. In our case, then Detective Sergeant Trevor Kidd's **fraudulent cover-up, Criminal Code S391 proves the truth of this Commonwealth Bank conspiracy.**

The proof will come with this Supreme Court mediation and disclosure, by allowing the insurance assessor and engineer's written report to expose our Solicitor Reg Kliedon from Bain Gasteen's direction, quote **"\$10,000 is throwaway money in cases of this kind."** His plan, to mean, **to be a success, there is a need to make a sacrifice! Better to sacrifice \$10,000 than to lose a 22 block subdivision.** Reg Kliedon confessed he would swear in court **"I did the best I could."** **What a circus:- His Barrister was a criminal intent on stealing all our money by RICO fraud.**

The Magistrate Court Registrar's both in Holland Park and Brisbane, exposed the Supreme Court Registrar Ian Mitchell's **'protection racket'** quote **"Throw these Police Crime Reports in the bin."** Is he incapable of understanding their meaning? We were directed to provide a **'technical device,'** now I.P.A. / RICO solution. My son, working in the B.C.C. inspection section and being fully conversant with Standards Association of Australia law rule 27.2, on being given an order by the Magistrate Court and Baseline Civil Engineers, **he knew exactly what to do!** Being totally focussed and familiar with the Brisbane City Council requirements by law. Helping to set up **correctional centres** and understanding the difficulty of **crime control,** he

had been previously directed by the courts and CIB for the importance to set traps. It is not sufficient to prove our innocence. **We must prove guilt beyond a shadow of doubt.** As the previous precedence in court with Tim Allen our accountant, again we chose **the money trail** to win. Hence self correction is best!

It is important to be aware that Grahame Ledwidge's motive is **to hide the Commonwealth Bank's illegal and incomplete bank loan to refuse to give disclosure to bribe and cheat his way out, under the disguise of Risk Management abandonment instead of Rescue Management closure, our area of expertise.**

Grahame confessed guilt, "I work for the shareholders profit and the top end of town." His whole attitude and demeanour proved hostile through his actions to increase our loan interest rate by 6% when interest rates were falling. Grahame explained his displeasure quote "**Now that I am in charge of your portfolio of accounts, if your loan agreement is over due the bank will foreclose immediately.**" Grahame's problem; we were in control as our credit was sound.

It became personal, Grahame became our enemy. He conspired to destroy our lives by assisting the Head Contractor confessed 'bagman' and working behind the scenes to apply pressure on Rod Welford, the then Attorney General Minister who confessed to my son and stood down as the Attorney General Minister. Now thanks to the abandonment of Linda Lavarch, Rod Welford has a second chance, **this time to assist** the Police Commissioner, Lord Mayor and the Premier to gain **natural bank closure.**

As Police confirm "**We do not make the laws, we just enforce them.**" Now look at Linda Lavarch's, reasons for depression, stress and resignation as A.G. Minister. Best explained by her security staff at the Attorney General's office Brisbane. Their quote to the Ministers Office "**We have told him (to mean John Bright and witness) to f*** off before and we are happy to tell him to f*** off again.**" Based on the Police checklist, the process of elimination, Linda Lavarch has moved on. It's obvious by the visual TV report clutching her husbands hand on the news, Linda Lavarch is close to a break down and on a medical basis is looking to be left alone. (Similar to Davida Ellen William's medical disaster.) As Police Area Commander Superintendent John Hoppood would say "**What is your point today.**" **To acknowledge Davida Williams', Linda Lavarch's and Rod**

Welford's accountability by law. Our point is Linda Lavarch is gone and we are still here explaining this gross stupidity / fraud. Grahame Ledwidge believes that the Commonwealth Bank will back Risk Management against Rescue Management. To mean, Chris Watts and James Pitman's rebuttal / I.P.A. prediction for Relationship Manager's customer service **to listen to the bank customer's detail to gain closure.** We have explained the need for prevention to the conspiracy to abandon, litigate and liquidate equals fraud, as ordered by the Crown team of specially chosen experts by law. **We are forced to act as a Police spearhead to go head on to prove Grahame Ledwidge's \$25,000 was a bribe to hide the truth of the matter. Grahame's crime; to hide a bank loan agreement to sell land without title and deposit to gain a bank loan, reference Detective Sergeant Brett Heath's confession of guilt, 'get (RICO) act together!'**

In the search for a technical device you need to study 'systems management' to provide intelligence and explain the three basic options of 'win-win' 'win-lose' or 'lose-lose'. Grahame Ledwidge's direction has demonstrated the 'lose-lose' approach. Supreme Court Judge Byrne's has demonstrated the 'win-win' 'forward planning' commonly used in **town planning, engineering and mathematics.** Also understood as **criminology and crime control** in providing the five year gaol term solution and by calling in all the experts utilising Supreme Court protection for mediation and disclosure, with the art of natural justice / **obvious mathematical solution.**

The solution will also be found due to the freedom of the press in RICO law. In brief, Davida Williams, Linda Lavarch and Rod Welford have conceded thanks to the past 329 Police Crime Reports that Linda allowed or condoned her immediate security staff **to prevent the course of justice.** To prevent the Police Commissioner Bob Atkinson from gaining the Police detail to lay fraud charges by allowing her direct security staff to order the key primary witnesses **to be told to f*** off.** She has condoned this Commonwealth Bank RICO fraud, warranting a Supreme Court **ordered five year gaol term.**

To fully understand forward planning my son working in Nanjing China followed the standard Chinese 'open door policy' best understood by the University degree called 'simulation.' To mean, to call in all the experts and run a 'I.P.A. closure trial model.' As the Area Commander Superintendent John Hoppood would say

“Follow the Police checklist, what is your point today?” Advising never to give up on the truth **just follow orders.** Let's follow a **wise man.** Senior Sergeant John Wiseman from the Caloundra Police Station who studied this Commonwealth Bank circus and ordered the obvious tough it out / hold the line **“Take this mess back to Brisbane where it belongs.”** Sergeant Sally Place from Maroochydore Police backed up by a team of Police also stated the obvious quote **“What has this case got to do with me?”**

The need to follow the advice of the Legal Ombudsman prior to the Legal Services Commission confession of guilt quote **“Forget about the money for the present and concentrate on the law and you can win this case.”** We must ask as Graham Keir our now key witness is sick in the Royal Brisbane Hospital with cancer. He was there as witness to these key events. Hence Channel 7, 9 and 10 TV's admission of frustration to try and make Rod Welford and Linda Lavarch accountable. Rod Welford and Linda Lavarch were very much aware that our Barrister not only was a criminal, **but had the skills of a Public Prosecutor, friendly with the key Judges in supporting the Commonwealth Bank Risk Manager.** Grahame Ledwidge who was intent on destroying our lives, treated Supreme Court Judge Mackenzie, White and Byrne's orders **with total contempt of court.** As Sergeant Janelle Harm from Police administration will confirm a psychiatric test was done on John Bright at the Redland Bay Hospital to confirm he was of sound mind **to ensure the Police checklist was ready to support criminal charges.**

The real crime of course is with the CMC and P.E.S.C. where Police administration, Police Union and honest Police confirm that bribes, kickbacks and corruption is quote **“The way to do business.”** Best confirmed by the Chief Justice Paul deJersey's action. His security staff ruled **“John bright and Graham Keir are banned from the Supreme Court coffee shop.”** The truth of the matter being that bus loads of school children along with their teachers come to the Supreme and District Court **to evaluate out legal system.** Hence based on international law with the support of the Community Cabinet we promote this **'Community Cabinet crime reduction program.'** After the loss of \$500,000 in legal costs, with false charges for theft, assault and child molestation, we have spent as volunteers and **'whistleblowers'** over \$100,000 making a

point, being qualified to a Commonwealth Government standard to teach and train in work practices and Industrial Law. The importance to teach High School students the importance of natural justice. **Good can prevail over evil.** To use the example of the previous Minister in Charge of Fire Rescue Management the previous Minister Chris Cummings. Why was he affectionately known as the **'Minister for Nothing?'** Chris promoted the concept quote **“You cannot beat organised crime!”** Hence his I.P.A. forward planning or town planning success due to his prediction, he is now **'Minister for Nothing' as proof of natural justice!** When the bulk of the Community Cabinet interviewed, were adamant that the E.P.A. Section 32 was the solution to this I.P.A. case. To mean, proof in brief, the Head Contractor's scam was to purposely remove the bales of hay prior to a thunderstorm, after rotary hoeing grassed areas and digging an unwanted trench (*See photographs in P.C. Reports.*) **not part of the contract** to cause unwanted silt and sand to flood drains and roads, as confirmed by Police Senior Constable Max Williams from Wynnum Police, who stood up for justice, fed up with the reported 9 **'Crisp Reports.'** Police Assistant Inspector Mike Ede, Inspector Les Hopkins, Superintendents John Hopgood and Peter Martin support the Police Commissioner's call for **“Thuggery and violence correction on building sites.”** Max went beyond the normal Police requirements to support the E.P.A. and now I.P.A., (Well done.) acknowledged by Linda Lavarch, Rod Welford and the Brisbane City Council Internal Investigation Department. As explained by the I.P.A. staff training as **'a marketing problem.'** We must prove the E.P.A. and I.P.A. are quote **“Not toothless tigers.”** To mean, **someone has to sacrifice to suffer real pain.** E.g. In the three step industrial law / precedence. 1) The Cole Inquiry \$290million RICO kickbacks to fund the war in Iraq. 2) Women's liberationists, previous Chief Magistrate Di Fingelton who suffered a gaol term for wrongful imprisonment causing the Government to provide a full confession of guilt and subsequent payout. 3) Women's Liberation expert from Griffiths University Zoe Rathus who directs the importance of a direct rebuttal. To make the obvious statement to say **“No to domestic violence.”** In our case, the violence stemmed from **the CIB and Fraud Squad cover-up of an in-home invasion and nun-chucker attack by professional thugs armed with a nun-chucker.** Supported by the Risk Manager Grahame Ledwidge's Risk

Management approach **“We never said we do not make mistakes.”** To falsely and illegally destroy the Commonwealth Bank's customers and buyers utilising every possible low-life and despicable fraudulent RICO act. **To ensure the Commonwealth Bank made a profit out of our misery and demise.** Starting with Grahame Ledwidge's acknowledgement of breast cancer and divorce, quote **“Is a death sentence.”**

It's no wonder the news analysts at the various TV stations feel so sick they cannot sit down, when they listen to our story, while others confess **“When the bubble bursts, it will be a feeding frenzy.”** As confirmed by the Police crime prevention unit, the joke being that some Police suffer with **'the denial model.'** E.g. **I know nothing, therefore with no disclosure, I do nothing.** Hence schadenfreude (**To laugh at other peoples sorrow and pain**). Today it was reported by senior Police informants that corruption and racketeering in the Victorian Police is extremely difficult to stamp out, that even trained Police Officers worry for the safety of their family and themselves. As reported, Police Inspector John Earea at Caloundra Police Station retired on stress leave, in part due to the fact that my son's fiancée Noelene, continually attempted suicide as she reported **“I was directed by the CIB Detectives to keep my mouth shut.”** Inspector John Earea's approach was in line with Linda Lavarch's and Rod Welford's confessions, depression, stepping down and retirement. Hence again the wisdom of a wise man / Senior Sergeant John Wiseman **“To take this mess back to Brisbane where it belongs.”** As then Chief of Staff Superintendent Peter Martin confirmed, he offered support but we were advised he has now been given his own area of command. Like James Pitman he was transferred sideways. As Dr. Frank Walsh psychologist put it **“It's only over when it's over. It's okay to tell the truth but try to use tact and style.”**

We thank Barrister David deJersey, apologising for the Commonwealth Bank's obvious need for a 5 year gaol term, for supporting the rogue Risk Bank Manager Grahame Ledwidge. **Chief Justice Paul deJersey should be supporting his son's confession,** Supreme Court Judge's Mackenzie, White and Byrne in enforcing a 5 year gaol term and backup bank Solicitor's Clarke and Kann Supreme Court affidavit 4461/2001. The need to study criminology, best explained by the \$10,000 we allocated for our accountants **'damages confession.'** To set out the money trail, to explain how the \$millions of

\$dollars were cheated by the Commonwealth Bank's illegal and incomplete bank loan and then fraudulent behaviour.

As a follow up, to retrain the security staff both at the Attorney General's office and at the Supreme Court in standard Police ethical procedures in assisting **volunteers** and **'whistleblowers'** on how to teach senior bureaucrats in the Attorney General's office and our justice system RICO law. The Magistrate Court Registrars in Brisbane and Holland Park demonstrated the correct procedure **“We cannot give legal advice. We direct you study the Vexatious Litigants, CMC and Fair Trading Acts available at the Queensland printers Vulture Street, South Brisbane.”** In our case, we must thank the honest Police and **'whistleblowers'**, Police Commissioner Bob Atkinson and Dr. Ken Levy in the Attorney General's, Justice and Legal Services Commission, etc. who are now supported by this I.P.A. discussion paper. To ensure RICO Act is integrated into law and to prevent the Ministers for the Attorney General's Department and the Supreme Court Judges being treated with contempt for confessed Commonwealth Bank self-greed and self-gain. By law, this is ruled by Judge John McGill **“As unconscionable.”** To mean, a criminal offence, where the Police Commissioner Bob Atkinson is free by law to now over-rule the Assistant Commissioner Pat Doonan and direct that fraud charges should be laid against the **'bagman'** Robert James Wilson, **'his corrupt legal counsel'** James Conomos, **'the rogue bank manager'** Grahame Ledwidge and **'the now prisoner'** Davida Ellen Williams. Detective Inspector Trevor Kidd and Detective Sergeant Brett Heath be made accountable to assist in their prediction **“To get your (RICO) act together.”** To introduce the RICO Act into Australian law due to their now proven fraudulent mistakes. This of course is standard procedure in Rescue Management as Dr. Frank Walsh and the Premier Peter Beattie will explain quote **“Do not blame the person, solve the problem,”** then as a Solicitor **“WRITE IT INTO LAW.”**
