Police Crime Report No 367-12/08

CORRIGENDUM FRAUD

1 WHY WERE POLICE FRAUD CHARGES GAINED UNDER DPP DIRECTION BUT RULED BY THE DPP **AS NOT A CRIME?**

2 Det. Sgt. Brett Heath fraud squad said
"If you do not have a copy of the bank loan agreement, you do not have a case."

3 The Comm. Bank is in '**contempt of court**' for paying \$25,000 to **admit liability** to destroy our evidence of the faulty bank loan agreement **where the bank manager was sacked and gagged**. Our model to expose the conspiracy for the cheated land buyers / victims who never got to own their land, where legal contracts were signed as a

'contract to a contract'

to fix the banks mistake,
to buy land without title

TO PAY KICKBACKS AND BRIBES.

If you care to listen!

Please identify:- Who are the criminals?

- Jon admits he needs your support as well as your votes in his model to make it a better community.
- Jon was over whelmed by our 20 claims of this super fund conspiracy with corrupt EPA / IPA town planning, racketeering and extortion. Why was this conspiracy abandoned and ignored by 14 Judges and Magistrates? In brief, Police are aware of the political scam. **The Vexatious Litigants Act gags Judges and prevents them from ruling on their own intelligence.*******
- In line with Supreme Court Judge Kenneth Mackenzie's mediation order to side step the Vexatious Litigants Act Jon decided to act on our flyer No 366 by a natural selection / freedom of choice to focus on TRAPPED IN OUR OWN HOME AS THE LEGAL WAY FORWARD TO REDUCE RACKETEERING!
- To enforce our Crown, QLS, Police admin case for DPP fraud! Judge Pat Shanahan (*the best of the best*), an Army Colonel (*obvious defence force significance*) under special law reform direction explained why a Police Sergeant does not have the power to act alone. Hence our support to the thin blue line to stamp out racketeering and corruption, to use our subdivision and home as an example of a crime scene and test case model.
- The QLS direction to Solicitors is clear **"First defend the law"**. If you knowingly defend a criminal as our first line of defence or Police checklist as smart Supreme Court Judge John Byrne has warned. As in our case the penalty for this crime is a 5 year gaol term. As a simple graph or formula:- 22 block subdivision + fraud = 5 year gaol term.
- Hence the need to study criminology, psychology and mathematics as smart Legal Services Commission Barrister Scott McLean's legal opinion, there is a need for '**holistic law**' to support his team's '**whistleblower**' solution. In brief, **in arranging our Barrister's imprisonment we should get our money back.**
- To mean, a) the Commonwealth Bank's Grahame Ledwidge Risk Manager is in '**contempt of court**'. b) James Pitman Loans Manager was forced to follow orders where he claimed his checklist staff

were sacked forcing a ludicrous subdivision loan agreement on us with the threat if we did not do as directed the bank would close our account. c) The ex-DPP Barrister Davida Williams was a plea bargaining plant by the CBA, DPP and BCC in a conspiracy but was gagged by the LSC and Chief Justice Paul deJersey from giving full disclosure. d) DPP / Justice Minister Rod Welford apologised for his mistake and stood down as Minister directing this Police investigation. e) Police Commissioner Bob Atkinson had Assistant Commissioner Pat Doonan give a formal apology for '**abuse of public office**' and '**obstruction of justice**'.

f) Starting with CIB Detective Inspector Trevor Kidd who tried to frame us with a false charge to blacken our good name so you would not believe this Crown / QLS case. g) Inspector Ray Loader's direction that if we had paid the Head Contractor Rob Wilson \$200,000 or 2 blocks of land Rob Wilson would have stopped trying to beat us up. His direction: - pay for the obvious kickbacks and bribes. h) BCC Lord Mayor Campbell Newman's '**can do**' claim but abandonment and support of his corrupt legal counsel refer Geoff Evans / EPA / IPA \$10,000 insurance scam trigger to destroy our super fund and cheated would be land buyers. (*To be continued*)

- As Judge Pat Shanahan said **"The proof is in the court transcripts."** **What court transcripts for Arbitration?** Davida confessed **"You suffer from information overload."** **INTEGRATION is the key, the need to focus on engineering**

allocated money by the criminal code instead of Arbitration fraud in Engineering House Brisbane as this case has proved. Hence the BCC administration quote **"I wish I could finish a project as quoted"** or note smart Police Minister Judy Spence's claim **"We finish on budget, or sometimes under budget" as the perfect example.**

12. The legal failure lies with Rod Welford's apology as the Magistrate Court Registrars confirm, it is in the Vexatious Litigants, Fair Trading and CMC Acts loophole. This allows Rod Welford to resign and give an apology but as a politician not to be accountable. It allows him to give a pardon to both Davida and himself, but under pressure the proof of the fraud after 2 years of delay, is Davida the MOB Barrister became the scapegoat and was sent to prison for 6 months for her identity fraud scam to try and defraud 6 banks for \$1.3million. *(To be continued)*
13. Jon understands Supreme Court mediation orders, and that in helping you, you help him and the community. His direction to me is to copy his layout and to do as he does. Best understood in marketing as KISS to **'Keep it simple for stupid people so grade 10 students can understand'**. But this creates a problem as the grade 10 student will ask - **"What can I do about it?" Not much!!** Now ask why a Solicitor will tell you the opposite as standard procedure - **"We need more information, let me decide what is relevant."**
14. Jon agreed, as Judge Pat Shanahan explained **"Look at the obvious."** Your standard political / public service presentation is to turn to the Federal, State, local council demarcation issue. So let's take a test case of the general Sunshine Coast area where Labor, Liberal, National and Independent are represented. a) Chris Cummings Labor, known as the **'Minister for Nothing'** argued **"You cannot beat organised crime."** He would not stand up for his electorate. Hence the smart move is to first defend the people that matter the most, **the people that care and vote for you and your team,** who do not give up on you as long as you do not give up

on us. Hence do your duty in line with the Defence Department strategy. b) Fiona Simpson and her parent's approach was to find our solution in Church. As Christians we keep the faith but their direction was in keeping with Mark McArdle, State Member for Caloundra and Peter Slipper Federal Member for Fisher - prayer but no direct intervention. So is their solution abandonment - banks have more money and we are just more cheated voters? Are they directed to protect the bank rather than the constituent? Now consider:-

15. Grahame Ledwidge as Risk Manager said **"We never said we do not make mistakes, you should have known."** Grahame took it on himself to pay \$25,000 and sack his manager. Jon asked the smart question **"Wasn't the \$25,000 enough?"** Jon, the only reason we accepted the \$25,000 was to prove liability as our Solicitor Reg Klinedon directed. It was the first step in law to prove guilt to expose Grahame Ledwidge for what he is, both selfish and stupid. Grahame believes that in continuing to cover up one mistake by another and another, the Commonwealth Bank will protect him but we do not believe that. As third generation Commonwealth Bank customers we worked with the bank for 40 years. Working with the AMA and the Australian Pharmacy Guild with access to over 5,000 chemists in support of health prevention, with the CBA support we believe we helped save 100,000 lives, and have achieved much more.
16. As smart Senior Constable Rod Shelton has explained in his AIR Identity fraud presentation, we are one of 500,000 victims of \$4billion stolen across Australia. Grahame was correct; with breast cancer and divorce all available cash was taken from our healthcare business. Our super fund remained as the best way to move forward. I was told by Grahame Ledwidge to do as ordered, or my bank account would be closed, apart from a small housing loan that we were allowed to pay off. We knew from past experience in running up to 5 successful companies at the same time you cannot fix one mistake by adding to those mistakes. Grahame therefore closed our account and illegally destroyed all evidence **and is now a confessed criminal** protected by Supreme Court Judge Margaret White's failure to act

on her disclosure order.

**WITH
VIOLENCE**

17. Note the symbol a copy of the nun-chucker - its unique design to instill fear but not to kill. We were warned if this was Melbourne we would be blown away in the street but as this was Queensland, the Police and CIB could take care of it. To be charged with theft of a \$300 excavator bucket when our tip truck and excavator was hired for 14 months and never paid for, is **absolutely ridiculous. The need to enforce the EPA and IP Act is screaming out for justice.***** When I said to the Magistrate Phillip Austin that the case for theft was a joke he did not defend us but stated the obvious **"You have been charged by the CIB for theft."** Now with the DPP release with proof of Criminal Code S391 that the excavator bucket was abandoned onsite for 8 months, and our Barrister was a DPP plea-bargaining plant later gagged by Chief Justice Paul deJersey, we were told by the CIB Senior Detective Sergeant Leigh Gorrie **"Time and patience will solve this crime."** Plus a little help from Jon Sullivan as the Federal Member for Longman, we will not give up on you if you will not give up on us. Right now we surely need a friend in the Rudd Government to introduce the USA RICO ACT the Racketeering Influenced Corrupt Organisation Act as the Police admin, media and union quote **"There is much work to be done"** as the Commonwealth Bank smart team agree we must work with our customers not try to destroy them

TO MAKE IT BETTER.
