

COMMONWEALTH BANK CONSPIRACY FLOW CHART BY LAW

Under Federal, State, Local Council, Court and Fraud Squad direction by law in brief to solve conspired and confessed Commonwealth Bank fraud officially called "The bank circus" Colonel/Judge Pat Shanahan as expert witness for the crown directed to study

- * The court transcripts
- * The money trail
- * Directing you can win this case

- The court transcripts led to the ex-DPP Barrister/prisoner Davida Ellen Williams Attorney General's release scam to create the court circus of 4 Supreme Court Judges Mackenzie, White Muir and Bryne ruling in brief "**Mediate, Disclose, No Clarity**" = a 5 year gaol term.
- The money trail created a technical success with ASIC/Australian Financial Services License authorisation 33 page report on AFS licensing provisions. To mean in brief P.C.R. 284-5-6 Tim Allen our accountant's entrapment by accepting \$10,000 to provide a damages confession to prove bank fraud. The importance to understand his written damages confession was pre-planned for crime prevention. At the time we believed we had the full support of the Commonwealth Bank. The bank had directed in providing over \$1 million standard credit facilities if we needed more credit all we had to do was ask. **It was not until the bank provided an illegal incomplete bank loan and the Relationship Manager James Pitman, was sacked that the breakdown of relationships with the Commonwealth Bank via the rogue bank manager Grahame Ledwidge became apparent.** Compounded by his subsequent contrived conspiracy to cover up his direction **to rip up the sales contracts, thus breaking the law.** The Attorney General, Court system and Police Operations Branch were called in with the assistance of our ex-DPP Barrister / prisoner to create what was called by the bank mediation expert as a confessed bank circus, to mean fraud. In brief, as directed by the crown, the accountant Tim Allen is the financial expert with the cash flow details to set out the multiple fraud. It became evident that the **'bagman's'** / Barrister / prisoner fraudulent directions required the assistance of vexatious acts. Creating liquidation in the Supreme Court, to gain ownership of our 22 block subdivision. Our accountant Tim Allen then began to realise his involvement in the Commonwealth Bank conspiracy. Tim did not fully understanding that the **'bagman's'** assaults, in-home invasion and nun chucker attack and demeanour to work with organised crime entrapped him in this Commonwealth Bank confessed fraud.
- Hence the importance to work with the Relationship Manager and writing off \$250,000 by undervaluing the sale of the properties. The importance of the Legal Ombudsman Jack Nimmo direction "**To forget about the money for the moment and concentrate on the law and you can win this case.**" This eventually led to the loss on average in excess of \$100,000 for each block of land we sold, thus creating the statement from Judge Pat Shanahan "**This story is so unbelievable it's believable.**" As confirmed by the prisoner Davida Ellen Williams quote "**You suffer from information overload.**" Having previously been stood over by previous CIB detectives involving Police Commissioner Terry Lewis receiving a 14 year gaol term, on this occasion we did not give into organised crime by keeping our mouth shut. As experts in health care and health prevention it seems we have over compensated to the extent where experts such as the Police Commissioner, Chief of Staff Superintendent Peter Martin, Area Commander Superintendent John Hoppgood and Colonel/Judge Pat Shanahan, the Brisbane City Council Internal Investigation Department, the Brisbane City Council Legal and Inspection Section, and professional engineers such as Baseline Civil Engineers, JF & Pike Civil Engineers and Electrical Reticulation Design Services have the expertise to direct the Fraud Squad as directed by the Brisbane City Council to set out this case so the Queensland Police get the credit for a job well done. As it's obvious with complete and absolute abandonment. This has led to the Police Commissioner Bob Atkinson's direction to set out this case for the Supreme Court Judges correction as confirmed by the Attorney General and Police Minister's total abandonment.

Why Premier's 'Smart State' correction? It is standard CIB and Fraud Squad procedure quote "To put fraud on the back burner as explained the moment a murder or rape is reported months can go by before time is spent on fraud/Australia's No1 crime. Hence we have set out this case by law by calling in all the experts. Hence the shock to the Attorney General and Police Department note as this fraud is a local council matter mediation has started between the Brisbane City Council and the Police Commissioner as directed by the crown reference Police Crime Report 262.
