

WHY COMMONWEALTH BANK CUSTOMER SURVEY?

As one of Davida's groups losing millions of dollars to Commonwealth Bank fraud, we are the tip of the iceberg. After 283 Police Crime Reports, we are fed up with abandonment, neglect and fraud. The trigger Supreme Court Judge Muir's fraudulent liquidation confessing "No clarity" is one of many scams – by entrapment, so far allowing the stalemate of no correction. Hence the Police checklist survey, to set out this case as ordered, to assist Police Commissioner Bob Atkinson to identify the problem areas in laying further fraud charges, while other cases are progressing. Please number 1 to 43 areas needing clarification, and return to Survey, P.O. Box 4120, Caloundra D.C. Qld 4551 or email brights@dodo.com.au.

Why law of abandonment? By official Gov. & Supreme Court direction to prove abandonment is fraud by Supreme Court orders Mackenzie, White, Muir & Byrne to mediate, disclose, no clarity = 5 year gaol term.
 Entrapment creates enlightenment, neglect is no proof of innocence, abandonment is proof of fraud by no correction.
