HOW DOES THIS
HIDDEN
ACCOUNTANT
TIM ALLEN'S \$10,000 PAID FOR
DAMAGES CONFESSION
OR
ATO HIDDEN
RISK MANAGEMENT
COVER-UP
PROVE THE DIFFERENCE
BETWEEN
A SOUND INVESTMENT
AND A
SCAM?

1. A) We were forced to volunteer a \$million dollar budget to take on this QDPP proven CIB scam. The need to study the Court transcript of Case 422/2000-2 Holland Park. **A THREE YEAR FARSE.** Where Magistrate Ian Austin ordered me **“To be back in his court room, with legal counsel and defend myself.”** Adding **“This is not a joke, you have been charged by the CIB.”** This Police Risk Management scam as QLS law reform Judge Pat Shanahan explained quote **“Your story is so unbelievable it's believable. YOU MUST PROVE ABANDONMENT IS FRAUD.”** B) We followed a Crown led education and training law reform crime prevention style program. Thanks to the Crown's open door policy and freedom of the press. Best understood by CBA Chris Watts now hidden statement **“This is a bank circus I do not wish to be part of.”** To mean, to prove the act of abandonment, to do anything to prevent the truth being exposed in the Supreme, District, Magistrates or Arbitration Court. *(This was achieved by court ordered mediation for discovery and disclosure to take place.)*
2. A) The Labor Party model was to use the Rob McCelland, Federal Justice Minister's standard ATO / CMC, ALRC, LSC, QLS, Bar Association Court transcript procedure for the Queensland Premier's cabinet / justice / Police / EPA / IPA / Fair Trading Ministers to support Queensland Police administration direction to lay fraud charges. **TO ENFORCE LAW REFORM TO PUT AN END TO THIS CRIMINAL ABANDONMENT WHERE NO-ONE WANTS TO LISTEN TO AND ACT ON THE TRUTH OF THIS CORRUPTION.** B) The LNP model was represented by the BCC Lord Mayor Campbell Newman *(as witnessed by Police)* to use the **'picnic in the park'** approach, where the Lord Mayor promised a press release, but so far has not been delivered. This release will expose this town planning / **'Site Solutions'** scam where our HEHS superfund profit was used to pay organised crime by self funded, insider trading to pay kickbacks and bribes by **'brown paper bag'** style cash payments.

3. Follow the lead of the CBA to admit liability and blame by payment to the Storm Investment victims. (TBC) In our case, under legal advice, we accepted CBA payment of \$25,000 as a model to admit guilt to a CBA **'deed of compromise'** where the bank sacked their Loans Manager James Pitman who was **gagged like Davida from giving further evidence.** (TBC)
4. Time out:- The need to gain the AIS style credibility to enforce the desire to look at this case as a marathon, you must finish if you are to win. This means you must study law reform, eg, A) the worlds banks near collapse with the Bernard Madoff Ponzi style Sub-prime mortgage loan scam, (TBC) B) The CIB / Fraud Squad ran seminars to study the Nigerian inheritance scam where even the famous Scotland Yard Police advised organised crime that is controlled beyond our shores **from a safe haven** is beyond our legal control and therefore beyond Federal and State Police control. Hence their standard warning **"If it sounds too good to be true, chances are it is a scam."** (TBC)
5. Now we must engage the next step, as a prison reform, health care and quality of life consultant. I followed the Police Fair Trading / Rescue Management policy **"To never give up on crime, no matter what the cost."** I accepted the Magistrate Court Registrar's challenge, **to acknowledge this technical device or Premier's requested solution. I accepted the CBA \$25,000 for one victim only payment to prove bank liability. To allow the ATO and other CBA victims to follow.** As the CBA model, we must start off with my now 90 year old mother, where organised crime not satisfied with stealing my mum's HEHS superfund profit with an approximate value of \$125,000 tried yet another 1% Badja Pty Ltd shareholder scam, to attempt to steal my mother's home. (TBC) Note, due to the Church's apology in reference pressure on the Church in reference to child molestation cases, the Rev. Michael and Doris Veary apologised for not taking further action on their now hidden Police Crime Report. They were witness to the ongoing violence and bullying by our Head Contractor Rob Wilson. Rob Wilson perjured himself in court, but was ignored by Magistrate Ian Austin, also in Chambers, behind closed doors. Due to Davida's confessed cunning and fraudulent deception. (TBC)
6. This left the banks, Cabinet Ministers and Police Assistant Commissioner Pat Doonan's apology for **'abuse of public office'** and **'obstruction of justice'**. This allowed the QLS law reform Judge Pat Shanahan's obvious teamwork solution where the Queensland Police admin, union and media accepted Judge Shanahan's direction. They offered us the opportunity to do what we do best, **to teach and train.** Starting with the Bond and Griffiths University law and criminology students who work out of Police Headquarters, 200 Roma Street, Brisbane, **widely accepted in the community as work experience.** As any coach or teacher will tell you sometimes, **as in our case, students cannot see the obvious, or with fear of failure do not act on the obvious. They need the Crown / Treasury Department / ATO / Federal Attorney General's direction to make this ATO case official, as the Queensland Police administration directed to lay fraud charges.** Note the Police admin, union and media including the Police Commissioner Bob Atkinson could see the scam. He lacked the legal ability to take on an ex-QDPP Barrister Davida Williams that due to the Vexatious Litigants Act loophole, was protected by the Justice Minister Rod Welford. Rod confessed, he was tricked, cheated and deceived in this faulty bank loan CBA conspiracy and cover-up. This allowed Rob Wilson to run the **'Site Solutions'** scam, but there

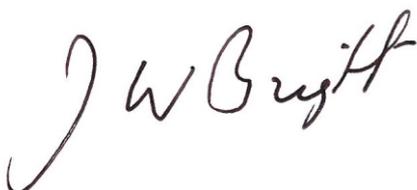

is more. Davida ran the scam to try and give me a criminal record for theft. Then as a standard Police cover-up or fallback scam Davida as legal counsel directed me to sign a QDPP release to drop charges with the condition **I did not sue the Police cartel who ran the scam, for false arrest.** Then we were falsely charged with child assault and when that failed and in desperation I was accused of child molestation by the CIB. The scam being to give me a criminal record to destroy my credibility so you would not believe the Police administration evidence **to lay fraud charges against the CBA led cartel.** The cartel was run by the Assistant Commissioner Pat Doonan, his Inspector Ray Loader, Fraud Squad Detective Brett Heath and the now CIB Detective Inspector Trevor Kidd, who with the '**Site Solutions**' engineer Brad Jones ran the '**Site Solutions**' scam, where the Head Contractor Rob Wilson acted as the '**bagman**', to use the HEHS superfund scam to become creditors of our 22 block subdivision, to sell it off to pay the kickbacks and bribes. **HOW SIMPLE IS THAT?** As proof, talk to our smart civil engineer John Koek from Baseline Civil Engineers.

7. In summing up, I agree, teamwork is the only solution. The Crown case for the Police admin, union and media, for the Queensland QLS and Bar Association reform where the ATO desire full payment, is not to try to settle for half the value of what is left of our HEHS superfund as a cop-out. The need is to gain Supreme Court ordered mediation to discover and disclose the real profit of our 22 block subdivision, **to work out where this profit went.** To do this you must acknowledge, A) our ex-QDPP Barrister is and was a confessed forger and fraudster and now felon, but she was so much more. Not only did Davida abandon our case in court, she did all possible to steal our money and destroy our lives. B) In law, they talk about a key or pivotal point where you realise the truth. Davida explained it as quote **“You suffer from information overload.”** To mean, Davida, despite her skills and experience as a Public Prosecutor realised, even with the help of the QDPP and the CIB / Fraud Squad cartel, they did not have the ability to bankrupt me and put me into prison, to destroy my life, even though as senior legal counsel, Davida controlled our case. C) **Davida was being blackmailed by the Commonwealth Bank via a QDPP plea-bargaining deal or scam that meant if I did not go to prison, then as a prisoner, her three year suspended sentence would be revived and she would suffer a six month gaol term.** This is why the Law Reform Judge Pat Shanahan said **“This is the best case for law reform.”** (TBC) D) So I again urge you to look at the QLS based facts, how Detective Inspector Trevor Kidd tried to frame me for stealing an excavator bucket used on my excavator and with my 8 ton tip truck the hire of both have never been paid. To mean, in brief, this was an Arbitration ordered scam which Davida ran and organised. (TBC) E) Fraud Squad Detective Sergeant Brett Heath was in on the scam, he was advised that the CBA loan agreement to sell land without title and deposit had been stolen from our file and destroyed. Hence by law, if this key evidence was destroyed we relied on Supreme Court Judge Margaret White's disclosure order as to why the CBA paid us \$25,000 when the answer is obvious. (TBC) F) Inspector Ray Loader is generally accepted as making the biggest blunder of all, he said to me **“If you had paid the Head Contractor \$200,000 or given 2 blocks of land the Head Contractor would have stopped trying to beat you up. Better you had paid.”** This of course is an obvious threat. He added

“The chances of you meeting the Assistant Commissioner Pat Doonan will not happen.” G) The good news, thanks to the Queensland Premier's team, the Queensland Cabinet moved to correct the above and the Lord Mayor Campbell Newman promised a press release. In time the Lord Mayor must keep his promise. H) At an official Crown directed EPA forum; I was given the best advice and solution. I was told by the management that run the EPA forum, they had not always worked for the public service. Almost all had worked for private practice or been self employed, they explained it in a quote **“We are toothless tigers.”** To mean, they could not create waves and upset the bank cartel.

8. **It comes down to one relevant question; does the 'Site Solutions' scam exist?** If so, the Crown, ATO, CMC, ALRC, LSC, Police admin, union and media, QLS and Bar Association can win for law reform. We can then upgrade the fraudulent Vexatious Litigants Act by studying the Fair Trading, Trade Practices, CMC and Judicial Review Act of abandonment, which was also explained by an Assistant Commissioner of Police **'whistleblower'** who was not prepared to work under a Police Risk Management policy he saw as fraudulent. Best understood by the three step procedure as specified by smart Supreme Court Judge John Byrnes to give warnings and if these warnings were not acknowledged then he warned the minimum penalty for this crime is a five year gaol term.
9. Like any mathematics teacher will explain the obvious, the facts add up. But first as the Commonwealth Bank Loans Officer James Pitman put it **“First you must find someone in the Commonwealth Bank to listen to your story, only then, will justice be done.”** Chris Watts as Grahame Ledwidge's boss came forward and admitted blame. The Lord Mayor promised a press release and our accountant wrote a damages confession but in the end the Police cartel abandoned, litigated and liquidated all in the name of fraud. The bank led cartel could not put me in prison, so their obvious next best approach is to create a stalemate, a non event, to do nothing in the hope that driven by despair and depression I will just give up on my mother and all other Commonwealth Bank proven victims of crime. Just like the Storm victim's class action **WE MUST STAND TOGETHER.** Focus on the **'Site Solutions'** scam, this scam can be exposed, broken and reformed and in the future you can say you helped win, you did your duty for the Crown **YOU MADE A DIFFERENCE. PLEASE DO NOT ABANDON US; THE TRUTH WILL SET US FREE, SO WE CAN LIVE IN PEACE!**

To make it legal
