Our ref:1011207845488. Thanks to our ATO case officer Paul Conde Hobart's frustration and agreement with Chermiside / Bne ATO whistleblower's direction, refer our evidence dated 07-11-2012. Conde has confirmed his plan to resign the same day. This supports Colonel / Judge Shanahan's, ATO Tony Coburn and Area Commander John Hopgood's findings that this is the best QLS case for law reform. To prove the ATO, superfunds, subcontractors and mothers are **all victims to this site solution protection racket.**

### ★ "LOOK AT THE OBVIOUS." ★

4. a/ Without James Pitman's CBA approved '**fire sale**' Rescue Management plan, Wilson's fraudulent liquidation would have made his crime cartel an estimated \$4.4m.  
 b/ The Court Registrar Bne, HP and Nambour have explained the procedure!!! (i) The most obvious, an engineering / site inspection / SAA reform for Premier Newman's promised press release. (ii) Peter Wellington's backup as a CMC committee member to enforce this Supreme Court order. (iii) Engineers and site inspectors stand ready to support the Police, CMC and LSC with this ATO evidence to protect the Crown, Treasury Dept, ATO and Centrelink down, under the Fraud Squad's direction "**To get your act together.**" Det. Insp. Trevor Kidd, Mt Isa, Ph (07) 47441111, (*previously Cleveland Police Station*) was tricked into laying false criminal charges to hide the CBA Supreme Court / CC Sect 399 illegal incomplete loan agreement, that opened the door to the '**Site Solutions**' protection racket. This caused the loss to both our HEHS superfund and the Crown via the ATO with their first alleged loss of \$460,311, **but there is more**.\*\*\*  
 c/ A simple procedure to prove (i) Brad Jones, trading as '**Site Solutions**' aided and abetted Wilson to gain the \$30,000 protection racket trigger on the conditions, (ii) Wilson's violence would stop immediately (*it increased*). (iii) No more extras would be paid (*they increased*). (iv) The project would finish on time, an expected 4mths (*extended to 16mths*).
5. a/ Wilson's motive was to sabotage our 22 block subdivision by fraudulent key engineering arbitration abandonment to collect that \$4.4m profit.  
 b/ The fair Trading and Trade Practices Act is empowered for the crown to collect all profits from crime to repay the victims including the Crown, Treasury Dept, ATO, Centrelink and our superfund with costs. (TBC) →

# SUPERFUND TAX FRAUD MADE EASY

1. As previous Police Commissioner Atkinson asked in brief **“Why don't you retire on the Sunshine Coast and live on what money you have left?”** To mean, why volunteer this \$1m Police SAA style budget to lay Crown criminal charges?  
a/ My motive to fight crime:- I took advice from both our in-house accountant and outside legal counsel in the 80's to set up a self managed superfund to protect our family, workmates and friends who helped make me a success.  
b/ With an R&D / SAA background, when given multiple Crown, EPA, BCC / IID legal advice I jumped at the chance to volunteer to put the lowlife filth who attacked, stood over and tricked our subcontractors, my mother, the courts and me, into prison where they belong, **with the Supreme Court warning of a 5yr gaol term, as the penalty to this crime.**
2. a/ As the CBA credit Manager Grahame Ledwidge said **“We never said we do not make mistakes. You should have known.”** The CBA defence created a **crime cartel**, who tried to put me in prison 3 times. With their failure they tried to steal my mother's home. **How sick is that?**  
b/ In a nutshell, here is our SAA / ATO case:- 90% of the way into our 22 block subdivision we were told **by the Head Contractor's first three Solicitors** (*acting on the QLS warning*) how the **'Site Solutions'** protection racket works. We were given both civil and electrical engineering, EPA, BCC / IID, Police and insurance advice. (i) To finish the subdivision and sell. (ii) To gather this SAA style evidence to lay Crown criminal charges **or else we could go broke!** (iii) We did as ordered.  
c/ The evidence:- (i) The CBA paid \$25,000 to admit liability, (ii) we paid \$30,000 protection money to Brad Jones (*trading as Site Solutions*). This proves his guilt! (iii) We paid \$255,000 in extras at up to 300% over cost to make sure we finished the project. (iv) Our insurance company first refused to pay the \$10,000 claim for the EPA sabotage liquidation trigger. They later paid the \$10,000, as a model for this test case, (*seen as throwaway money*) or for a standard R&D style stress test procedure, **to prove this protection racket exists.**\*\*\* (v) With the nun-chucker attack, the false invoice for \$47,691.97 was hidden from the courts by Kidd. (vi) The photographic evidence to prove both perjury and sabotage was hidden from the courts by perjury from Wilson, his 4th Solicitor, James Conomos staff and Davida. (vii) We paid our accountant Tim Allen \$10,000 to rip up his contract and lose an estimated \$125,000 for his damages report. **Allen reported that it was hidden under CIB direction.**  
d/ Due to Davida's confirmed forgery and fraud, 14 Judges fraudulently rubber stamped Austin's mistake, to ignore this **Police Minister's solution. To use a proven trained consultant who as a victim volunteered this \$1m budget solution.** The CBA's ongoing mistake was to try and frame their own bank customers. We have now proved, how this **'Site Solutions'** protection racket / all-fraud model will save the Crown billions in lost revenue.

**Our obvious goal is for our accountant to act in an ATO law reform manner, to balance our books, to prove guilt, TO ABANDON, LITIGATE, LIQUIDATE = ALL-FRAUD.**

To make it legal
