

# POLICE 'S-FUND MONEY LAUNDERING' ASSISTED BUDGET

**STUDY SMART / NATURAL**

**LEGAL SERVICE COMM, POLICE, CMC & QDPP**

**LIQUIDATION PROTECTION RACKET**

Investment would have you believe your superfund is safe, but as a proven **prison reform consultant**, even prisoners were scammed by Davida.

QDPP 2/ E.g. Davida, a self confessed forger / fraudster was forced to act like a legal prostitute / Crown Public Prosecutor / ex-QDPP Barrister to trick me to work for \$20p/h, instead of her normal \$3,000 a day, to hide this **CBA to prison money laundering evidence**.

Disclosed 3/ To protect this 'liquidation protection racket' test case. Davida's motive; if she did not act for the 'crime cartel' and accept a pardon as her reward, that was exposed after 2yrs, she would be forced to serve a 3yr gaol term for her \$1.3m six bank scam, 5yrs for this 'Site Solutions' protection racket and another 5-10yrs for her legal counsel / power of attorney style scam, **to cheat prisoners who requested legal help**.

Our ref:1011207845488. Thanks to our ATO case officer Paul Conde Hobart's frustration and agreement with Chermiside / Bne ATO whistleblower's direction, refer our evidence dated 07-11-2012. Conde has confirmed his plan to resign the same day. This supports Colonel / Judge Shanahan's, ATO Tony Coburn and Area Commander John Hoppgood's findings that this is the best QLS case for law reform. To prove the ATO, superfunds, subcontractors and mothers are **all victims to this site solution protection racket**.

4. Ever wondered why construction sites like ours are left abandoned **near finish**, when the developer had the money to pay. **Sabotage to own the site via liquidation is the reason**. Hence the 'Site Solutions' protection racket as proof:-
5. a/ You can teach procedure, but how do you solve the **CAP?** (*Complacency, Attitude and Perception*)
  - (i) I was told by a fellow victim "I was gang raped but nobody helped me, **so why should I help you?**"
  - (ii) I rang the Fair Trading Dept, after 6 transfers I finished up in the same office and heard the original officer say "Tell him to **F\*\*k off**."
  - (iii) We made regular calls to the CMC and ATO retail sect. Bne. After the 3<sup>rd</sup> call the ATO manager would say "Mr Bright!!! Please leave this office now or I will call the Police."
  - (iv) It took ASIC Perth, not Bne. to listen and ask "But who stole your money?"

b/ Hence Comm. Stewart's procedural question "Identify the mistake. What money was stolen?"

Check the difference between a CBA approved invoice or an extortion demand made out to look like an invoice for \$47,691.97 that tricked both Det. Insp. Trevor Kidd and Insp. Ray Loader. Therefore, we were given a QDPP release and an official apology from Justice Minister Rod Welford and Assistant Comm. Pat Doonan, **both then resigned**.\*\*\*

c/ This evidence was confirmed by Colonel/Judge Shanahan, S C Judge Byrne and an Independent Assistant Comm. of Police who requested 'whistleblower' protection. I was attacked by an obvious bikie with backup, armed with a nun-chucker who thought this was a joke until I fought back with a large kitchen knife. He never expected the knife to be pushed hard into his throat but I stopped as I too was in shock. To help Police, I made a copy of the nun-chucker as I had never seen a weapon like this before. The Assistant Comm. said to set out this case and request 'the Judicial Review Act'. As you have all abandoned Crown procedure, except for the ATO, I must take the QLS advice to rely on our current legal counsel to insist the ATO lay criminal charges immediately to collect their alleged reward for \$460,311. →

## WHY USE THE JUDICIAL REVIEW ACT?

Refer Courier Mail / Premier Newman's promised follow up press release.

1. a/ We did pay over and over and over, up to \$255,000 at up to 300% over cost for extras and more. Under the new Project Engineer John Koek's directed control report, we **paid to prove guilt to be successful with criminal charges!!!** As Judge Shanahan explained, the proof is in the (*laundered*) money trail and the abandoned 14 Judged court transcripts.  
b/ The QDPP Prosecution Barrister said it best with a look that would kill **"Just keep telling the truth and never give up."**  
c/ Because these 14 Judges acted in series instead of in parallel, **to start at the beginning**. They all copied Kidd's and Mag. Ian Austin's mistake, to rubber stamp the Engineering House Arbitration abandonment. Where Ian Miller explained he followed Davida's instructions as snr. legal counsel (*this was all new to him*). To mean, he never had a clue Davida worked for the MOB. As long as he received the \$3,000 a day for the rent of his room, Miller was content to let Davida bleed us dry. As proof, there was no solution, just planned and confirmed extortion. Exposing the Police fraud, quote, **"This is a civil matter outside the control of the Qld Police."** (TBC) Therefore, the Police Minister Judy Spence listened and directed I set aside this \$1m budget to assist Police, **solve this case and yes we have!!!**
2. a/ We are proud to stand up in court as our previous Solicitor Reg Klinedon predicted and be accountable for the civil and electrical engineers, BCC site inspector, honest EPA team, BCC / IID, CBA bank staff, Police Admin, Union, Prosecution and Media and Tim Allen's **'damage report'** to be confirmed by all the ATO inspectors from all over Australia as they have all played their part. No better example than Tony Coburn who as a Supreme Court witness heard me say **"My Barrister is a criminal."** But Tony was told by his boss to be complacent, to copy the same 14 Judges mistakes, as S C Judge Ken McKenzie confirmed, Chief Justice Paul deJersey directed him to ignore his S C **'mediation order'** and S C Margaret White's **'disclosure order'** on why the CBA paid me the developer \$25,000 to admit liability, the first step by law to prove guilt.  
b/ So take the lead of the Fraud Squad and their complacency act to abandon the evidence with the quote **"If you do not have a copy of the CBA bank loan agreement, you do not have a case."** Therefore, we have proved this case is a **'travesty of justice'**, where due to racketeering influenced corruption, our original Barrister Ken Barlow (*white faced*) also ordered me out of his chambers; but previously he had been successful in a passing off case where the evidence was also hidden, **but the money trail proved guilt**. This case lasted 6yrs. Barristers Jeremy Sweeny and Paul McQuade stand ready to serve, to expose S C Judge John Muir's mistake to ignore Criminal Code Sect. 391 & 399 to gain \$4.4m via liquidation as a \$10,000 EPA / SAA / ATO test case. The crime industry calls this **'NATURAL HOLISTIC JUSTICE'**. In honour of and thanks to Colonel/Judge Pat Shanahan, S C Judge Ken McKenzie and CIB Snr. Det. Sgt. Leigh Gowrie, who advised time and patience, will solve this case. As the son of a WO1 in the RAAF I just followed my Father's DVA style orders,
