Police Commissioner Ian Stewart explained Doonan's mistake:- to have then Chief of Staff Supt. Peter Martin state, **“Due to Police availability (cost) and time this case is closed.”**

How can you close a case based on availability (cost) and time, when we have volunteered this \$1m Police budget as ordered by Police Minister Judy Spence?

By simulation, our area of expertise:- My father as a Parachute instructor a WO1 in the RAAF explained; Brittan and Australia to save money forced paratroopers to jump with one parachute, air turbulence sometimes caused the chute to twist causing a roman candle effect and certain death. USA however, followed the SAA / PESC style standard procedure where paratroopers jumped with a reserve parachute saving lives.

This is also called humanity, duty of care and well-being, creating the necessity to introduce the International RICO Act. Best explained by Army Colonel / Judge Pat Shanahan as a consultant for the QLS law reform who said **“Look at the obvious, you must prove abandonment is fraud.”**

With research, thanks to Graham Kier who lost his superfund as a Ponzi victim we see the Crown solution is in the SAA principle as used by site inspectors, civil engineers and town planners who know this '**Site Solutions**' scam but are reluctant to speak to the media as it may cost them their jobs.

Therefore, I was asked as a primary witness and victim for our HEHS superfund to volunteer this \$1m Police budget. Let's work with option 3, I believe self help; our area of expertise to teach the teacher is the best model.

Because (i) you get the credit for all our teamwork. (ii) As primary victim and witness we use this ATO model. (iii) As most accountants, chess players and criminologists will tell you, the need to plan 5 moves ahead, to build a strong foundation and to have a business plan.

Therefore, you know what is going to happen before it happens. As the BCC / IID, CBA and Police confirmed **we will not stop all bank scams, but if you pick on my mother you pick on me.*****

As Dr. Frank Walsh explained **“I cannot solve your legal problems for you, I can only state you are of sound mind and you have the power within you to solve this case.”**

Therefore (i) I promised mum and the CBA \$850,000 group of buyers as specified in the hidden CBA bank loan agreement to share in our HEHS superfund profit. (ii) This would automatically include the ATO as victims in common. (iii) As the ATO officer reported to the ATO tax investigator Tony Coburn and his team under witness, quote **“There is a religious nut outside who wants to pay his tax.”**

This caused a chain reaction that led to the ATO tax investigator Tony Coburn as a Supreme Court witness to volunteer his services as a '**whistleblower**' for QLS style estate protection. Ex-Premier Peter Beattie then offered his Community Cabinet.

In brief, Area Commander John Hopgood gave the CIB Det. Mark Hughes the challenge, (i) to lay criminal charges. (ii) So smart Supreme Court Judge John Byrne can impose his 5yr gaol term as he warned as the penalty for this crime. (iii) This is called natural / holistic justice or the Premier's solution

TO GAIN CLOSURE SO WE CAN LIVE IN PEACE.
