**Clue 1/** Criminal Code S399 proves Assistant Commissioner Pat Doonan's apology for 'abuse of public office', 'obstruction of justice' to gain 'character assassination' is the act of 'Police Risk Management style fraud'. Therefore the obvious need is for Police policy change to copy the AIR, SEA, FIRE and PRISON (*life saver style*) Rescue Management policy.

**Clue 2/** By Supreme Court ordered mediation via QLS law reform Army Colonel / Judge Pat Shanahan's intelligence report:- We paid \$10,000 to our Accountant Tim Allen for his ATO 'damages report' caused by the 'Site Solutions' scam.

**Clue 3/** The ATO then relied solely on their Risk Management policy to claim \$460,311 as half of what was left of our superfund. Therefore the ATO must:-

# JUSTICE EARN

## ★ HOW TO BE EXACT! ★

Proof how 14 Judges were not supplied with sufficient Police evidence to solve these scams:-

- a/ Judges confess they would rather allow criminals to walk free than put one honest person in prison, therefore our HEHS superfund became victims of the ATO and the Crown.
- b/ Who has the best correction policy? (i) Fed. Gov. 'Time for change'. (ii) Qld. State Gov. 'Can-do'. (iii) BCC Local Gov. 'SAA rules & Regulations'. **Teamwork is the solution.**
- c/ Follow the QLS policy 'To first defend the law' not the known criminals by the law of association, accession and abandonment of the evidence (*Ref CC Sect 399*) and the International Racketeering Influenced Corrupt Organisation Act. **The ATO to be exact must be driven by intelligence, not just guesswork.** Given legal, engineering, Police, DVA and RSL support, we ran a criminology style, and Police directed BCC / IID, SAA, EPA Sect. 32 \$10,000 model test case.
  - (i) We paid \$30,000 to expose the scam **set up cost, for the protection racket.**
  - (ii) We paid \$255,000 with false extras up to 300% over cost **to monitor the liquidation scam.**
  - (iii) The clincher, we self liquidated a \$4.4m subdivision so Magistrate Ian Austin, District Court Judge Charles Brabazon and Supreme Court Judge John Muir **would get the credit for breaking this crime cycle.** We now rely on Lord Mayor Graham Quirk to support his BCC / IID inspection and testing section to assist the independent Police Media at Police HQ to bring closure to this Prime Minister Julia Gillard confirmed 'forced fire sale' / ATO lost revenue scam to save the Local, State and Federal treasuries \$Billions in lost revenue.

The Police Media offered support to the Police Union and Prosecution for Criminologist Professor Paul Wilson's work experience students at Police HQ to expose this 'Site Solutions' scam.

Dear Lord Mayor Graham Quirk,

BCC test case for ATO / town planning revenue reform:- Through no fault of my own or my mother, our superfund was made a victim of a CBA (*BCC approved subdivision*), due to 2 lines being left out of a bank loan agreement.

The bank paid \$25,000 to admit liability and sacked their Loans Manager. As an ex-BCC employee **and an only son**, when asked by the Supreme Court, the court Registrars, Police Minister, Admin, QLS, RSL and DVA etc to resolve this referred '**bank circus**' under the protection of Police Risk Management, consider my role models and why I jumped at the chance **to volunteer** this \$1m Police budget to break this 10yr **crime cycle**.

(i) My dad's father was an engineer from Sheffield Uni England; he taught me "**Given the right fulcrum and a long enough lever, you can move the world.**"

(ii) Dad served in the RAAF, the night WWII broke out; Dad was in a Beaufort Bomber out of Amberley, flying over Moreton Bay looking for German submarines.

(iii) Uncle Brian joined the Army, was captured in Singapore, when released he was as mad as hell as he spent the war in Changi prison. He stayed in the Army and retired a Colonel.

(iv) Uncle Colin, as a marine engineer was snapped up by the US Navy and served as Commander.

(v) Uncle Albert wanted to join the RAAF but with poor health he moved to Melbourne to build Beaufort Bombers.

Today, I feel their foot in my back telling me "**Never to give up on my mum and all other superfund victims.**" So why did Police Risk Management look to falsely charge my Healthequip Manager Gary Armstrong with a \$198,000 NAB forgery?

Why was I falsely framed and charged with theft, child assault upgraded in a panic to child molestation, **to scare off a Channel 7 TV news reporter?**

Army Colonel / QLS Judge Pat Shanahan said "**Look at the obvious,**" **to protect the CBA mistake.**

This allowed the '**Site Solutions**' scam to fraudulently liquidate our 22 block subdivision to become creditors, to sell it off **to pay the kickbacks and bribes.**

A \$10,000 BCC / IID Police Admin approved test case to expose an ATO loss estimated at \$460,311.

That is why you must help Premier (Can-do) Newman keep his 'picnic in the park' pre-election promise to break this crime cycle!
