Premier Newman **Justice Chesterman**
What did now CMC/ Dr. Ken Levy say?

TO FRAUD BY PLANNED LIQUIDATION!

1. Have ASIC / Companies Auditors Liquidation Discrepancy Board (CALDB) explain how criminologist Prof. / Dr. Michele Pathè's team estimate ASIC support a \$100b crime industry. Known by Premier Newman via the QLS as the **'Site Solutions'** protection racket, as the best QLS case for law reform.
2. First you need a victim, a mug or mark. Yes, someone with money or access to money, no better test case to prove guilt than our own HEHS superfund via our construction company Badja Pty Ltd liquidated by Justice Muir over an ignored \$10,000 **EPA sabotage liquidation scam**.

This was also ignored by a series of 14 Judges.***

3. The crime begins with the construction phase. Work appears normal for the obvious reason, both the developer and the Head Contractor (*known as part of the crime cartel*) wants the same outcome. A completed project, in our case to make a \$4.4m return. It could be a block of units, shops, warehouses or factories but in our QLS test case it was a 22 block subdivision. The key difference, we owned the site but were given the trigger, a now proven fraudulent CBA loan agreement. The crime cartel required Judge Muir to mislead the ASIC / CALDB who liquidated our subdivision. As proof, read Muir's unanswered court transcripts as to his question why! Muir ignored this \$10,000 obvious test case. The end result, the crime cartel run in the main by Wilson and Jones, should have had the \$4.4m as fraudulent creditors to pay the kickbacks and bribes to corrupt our legal system.***

Dr Pathè will confirm how there were more scams!

4. As the QLS put it, **"Look at the obvious."** How much does it cost to confuse or bribe just one only Purchasing Officer, Project Engineer, Site Inspector, Legal Counsel or staff, ASIC (Bne), Accountant, bank staff, **Arbitrator *****, **Police Officer, Judge or Justice Minister Rod Welford *** with a plea-bargain to abandon this case**. Remember the chain of justice is only as strong as its **weakest link**.*** How many weak links do we have? This series model has created an open circuit and no Crown evidence can pass through. Therefore we can never smash organised crime but we can all work in parallel direct to Newman via his Community Cabinet, to bypass well organised crime. Because with training and education in simulation, our area of R & D, we can enforce crime prevention direct as a legal circuit breaker or automatic **time delay device**.

5. a/ Police and criminals use the same excuse, when your goods are stolen, **"Claim on your insurance company."** So, consider the Police Risk Management Dept. / PESC / CMC / ACCC / LBB of Scams, Pg16, as a direct circuit breaker, called selfhelp. b/ In our case Police Insp. Ray Loader acted for Police Risk Management to protect CIB Det. Insp. Trevor Kidd, Criminal Code Sect. 391 confirmed mistake, corruption or fraud to try and give me a fraudulent criminal record. He acted to protect the **'Site Solutions'** protection racket. Was he somehow involved? As proof, Loader said **"If you had paid the Head Cont. \$200,000 he would have stopped trying to beat you up. Better you had paid. The chance of you meeting Asst. Comm. Pat Doonan will not happen."**  **will not happen.**

It took the Community Cabinet team via the then Police Comm. Bob Atkinson to arrange Doonan's formal apology for C.C. Sect. 200, 205, 391 & 399. So to be accountable for your actions and to be objective consider:- we have proved to the Premier, his Cabinet, the QLS / Bar Association and the Courier Mail down how the **'Site Solutions'** protection racket works. So how come the Courier Mail reported extra charges are pending, but these charges have been abandoned?

6. a/ Our Barrister Davida Ellen Williams' corrupt plea-bargain exposed a lesser fraudulent substitute penalty to cheat 6 banks for \$1.3m. This is better understood as a cover up prison sentence to protect this **'Site Solutions'** protection racket. b/ So, to use the weak link series model, start with this next major scam. Civil Engineer Brad Jones traded as **'Site Solutions'**. Yes! Jones made an offer too good to be true. Just like Davida's scam to work for \$20ph instead of her normal rate of then \$3,000 a day. Jones guaranteed for a payment of \$30,000 (*seen in our money trail*) (i) Rob Wilson's violence would stop immediately. No! It increased. (ii) The project would finish on time. No! It went from 4mths to 16mths. (iii) No more extras would need to be paid. No! As proof examine Baseline Civil Engineers hidden court reports by Magistrate Ian Austin. His infamous quote **"I do not care what (anyone from) the Police Minister down has to say."** (TBC) c/ This is called a come-on scam or C.C. Sect. 399. All of this was explained to us via our original Solicitor Adam Sambrook via Rob Wilson's own team of Solicitors who turned into QLS **'whistleblowers'**. (*Well done!*)

They lived in fear of a QLS law reform penalty similar to the LSC, to be struck off, fined or as Judge **Byrne warned, to serve a 5yr jail term, but this is only the tip of the iceberg.**

d/ As proof, the Senior Credit Manager of the CBA classified this case as, quote **"This is a bank circus I do not wish to be part of."** As proof, he left the task to Grahame Ledwidge to try and clean up the mess he created by trying to cover up the faulty loan mistake to have us sell land without title and deposit, etc. Ledwidge ignored his own Loans and Relationship Manager James Pitman and his 3rd generation bank customer's legal advice.

Hence the quote **"This is what Solicitors do; fix mistakes."** Refer Dr. Pathè's detail.

7. a/ These are the key mistakes, corruption or fraud:- (i) The ATO estimate their loss due to the **'Site Solutions'** protection racket at \$460,311. Therefore Tony Coburn as Team Leader to his tax evasion group offered to resolve this mess but reported he was ordered by his boss to keep out of it. Therefore it is obvious the CBA / ASIC working out of 240 Queen St. Bne. conspired to prevent the ATO from carrying out their normal duties. As proof, under witness we were warned outside 240 Queen St. quote **"If this was Melbourne you would be blown away in the street, but as this is Qld the CIB will take care of it."** b/ The ATO Retail manager Adelaide St. confirmed they require the services of the Qld Police, CIB and CMC to first confirm our case so that the Crown or Treasury Dept. can collect their just reward. c/ So consider, for 10yrs we were promised that our HEHS superfund tax return for 2003 on would be completed, but you cannot force your Accountant to be accountable even when you rely on a new Accountant. As proof, contact Denis Donovan for a detailed report. Hence the Adelaide St, ATO Manager's infamous repetitive quote under witness **"Mr. Bright if you do not leave this office now I will call the Police."** Hence, we suggested they call the Police to correct this \$460,311 estimated tax evasion. To prove the obvious **every major criminal action with a money trail has a tax loss! This is a QLS directed mathematical fact.***** d/ It took the smart ASIC Perth branch to listen and ask **"But where did the stolen money go?"** (*Well done!*) Remember a legal stalemate is not a solution, is it? e/ Therefore, we paid our original Accountant \$10,000 for his written (*multiple*) **'damages report'**. Also hidden from Magistrate Ian Austin on. There is more, but ask Tim Allen why he offered quote **"A free gift."***** For my Mother to be a 1% shareholder in Badja Pty Ltd, when my Mother mortgaged her home for \$110,000 to buy a block of our subdivision at a fire sale price of \$75,000 valued at \$200,000 on completion. So when (i) the **'Site Solutions'** protection racket failed, (ii) their \$47,692 ACCC / LBB scam failed (iii) they worked on scam 3 to gain my Mother's home as Wilson convinced my Mother for a time that if she did not pay the fraudulent CBA invoice, as a 1% shareholder she would lose her home and be forced to live in a caravan park. How did Wilson know about the 1% scam? This is proof of collusion and a larger crime cartel. **David is the obvious Pandora's Box of QDPP fraud.**
8. Hence, the Law of Accession, Davida was only the actor or pawn for the CBA via Rod Welford who reported he was tricked by Davida, where Davida did a deal with Ledwidge, to initially get a pardon for her 6 bank scams, if she stole the fraudulent CBA bank loan agreement. The last known copy from our file. Again, this is proof of C.C. Sect. 399 where the Fraud Squad Det. Sgt. Heath was also implicated, quote **"If you do not have a copy of the bank loan agreement, you do not have a case."**
No! **That is not the case.**
9. As the Prosecution DPP Barrister put it **"We need business people like you who never give up."** As Clinical psychologist Dr. Frank Walsh put it **"As the son of a WO1 in the RAAF I was trained to follow orders."** To mean, to keep my promise to provide that \$125,000 superfund benefit to my Mother. Hence, I volunteered this \$1m Police Minister Spence's requested budget, when I could have easily paid the \$10,000 EPA sabotage liquidation scam. I believed Court of Appeal Judge Muir would have the obvious intelligence to double check his own \$10,000 question as an obvious test case, as our then Solicitor Reg Klinedon put it **"\$10,000 is throw away money in test cases of this kind,"** adding **"I will swear in court I did the best I could."** Therefore, give **Klinedon the opportunity to confess.***** As District Court Judge Brabazon said as proof **"This is not the way to do it."**
10. Hence, in parallel, **just like Christmas lights,** the fault or fraudster is automatically exposed. Hence, the Mental Health Dr. Pamela Hudson-Jessop's quote **"Shit happens"** and Dr. Michele Pathè's promise to file this report to support Premier Newman. I was taught in Church, the importance to keep the faith.

**It only takes one honest person to volunteer
FOR PREMIER NEWMAN TO GAIN JUSTICE FOR ALL.**

TO ABANDON, LITIGATE, LIQUIDATE = ALL-FRAUD.

To make it legal
