

WHY FIGHT RACKETEERING & CORRUPTION TO SAVE OUR SUPER FUNDS?

As the QLD Law Society explained, we have the proof, where our ex-QDPP rogue Barrister Davida Ellen Williams used this scam to work for \$20 p/h as a trained Crown Public Prosecutor, to try 4 times to have our team given fraudulent criminal records, so you would not believe this Crown evidence. When Davida failed, she was forced to go to prison over a 6 bank \$1.3m scam to cover up the '**Site Solutions**' protection racket to steal our superfund profits. Thanks to the QLS Law Reform for Solicitors to first defend the law and not their clients, as known or self confessed criminals, the smart Supreme Court Judge John Byrne warned, the penalty to this (*Legal Services Commission style*) crime is a 5yr jail term. Therefore, our Head Contractor's Solicitors refused to run the scam and notified our Solicitor Adam Sambrook who explained to me how this scam works:-

- a/ Our HEHS superfund via Badja Pty Ltd, our construction company would be allowed to build our 22 block subdivision **just short of completion**. The scam, to use sabotage, intimidation and **Police confirmed hidden Police Crime Reports on violence**. This is known as Criminal Code Sect. 399.

b/ We would be fraudulently liquidated, then as fraudulent creditors the Head Contractor Rob Wilson would then gain BCC on-maintenance, sell off the project for an estimated \$4.4m reward to pay the kickbacks and bribes to the officials that controlled the '**Site Solutions**' Protection Racket.

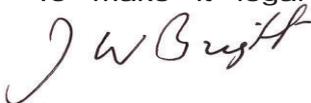

c/ Therefore, Queensland Court of Appeal Judge, John Muir asked why would you self liquidate your own construction company for \$10,000? Our obvious motive, for Muir **to answer his own question and put the racketeers into prison.*****
- a/ As an ex-BCC employee, having worked in the inspection section, then as a prison reform consultant with a basic knowledge of criminology, we were very much aware Police cannot lay criminal charges **without hard evidence**. So we followed BCC / SAA style procedure, best described by the CIB as natural or holistic justice. In brief, to let the scam run its natural course. In the belief the Police would support the QLS Judge Pat Shanahan's opinion '**That ours is the best case for the International Racketeering Influenced Corrupt Organisation Act style law reform.**'

b/ Having met with the Premier Campbell Newman, under Police direction and having previously been directed by former Premier Peter Beattie to use his Community Cabinet, who directed I volunteer this \$1m budget to, quote, "**Find the solution.**" You must demand an answer as to why our superfund beneficiaries lost an estimated \$125,000 gift or reward each and have been treated with contempt, because they live in fear of proven violence and intimidation. As Dr. Frank Walsh Clinical psychologist explained in brief '**As the son of a WO1 in the RAAF you were trained to do your duty, follow orders and protect your Mother's superfund benefit.**'
- It was explained to me yesterday by our case officer Phil Rigby in brief '**This is not part of a \$1b scam but more of a \$100b industry.**' Therefore, honest Police, public servants, Judges and Barristers down to Mental Health forensic consultants live in fear and confirm "**You will not get justice.**" Therefore, Police Admin, Prosecution, Union and Media '**whistleblowers**' confirm the existence of what is known as the '**Police Risk Management Dept.**' who was responsible for working with Davida to lay fraudulent criminal charges for forgery, theft, child assault and child molestation against us so with fraudulent criminal records our credibility would be destroyed. **What is the reason for them trying to destroy our credibility? Obvious, kickbacks and bribes!**

4. Our latest attack has been via the Police Risk Management Dept. to use the Mental Health Act. It is common procedure as Phil Rigby confirmed, to be held down against your will and given a needle and be turned into a vegetable and locked behind steel bars. The crime being, that as a HEHS superfund director it is my responsibility to stand up for the superfund victims but in so doing I am judged to be **a risk to society**. **What do we have to do to have you check these facts and support the Criminal Code Sect. 399?** The obvious international solution as the next step must be to follow the lead of the Fraud Squad who said, quote **“Get your (*Racketeering Influenced Corrupt Organisation*) act together or you will be out the door so fast your bum won't touch the ground.”**
5. Please live in the real world as President Obama said **“We know what has to be done, but who has the courage to do it?”** He was talking about the reported use of nerve gas in Syria, to kill their own citizens. My point being, **WHO STAND UP FOR THE VICTIMS?**
6. I advertised for a criminologist in the Courier Mail, I received several replies, but no one had the courage to test our case. It's been explained to me through the Mental Health Act that they do not believe I am delusional. To mean, our claim that the **'Site Solutions'** Protection Racket is every bit as real as (i) **the Nigerian Inheritance scam**. (ii) **The Ponzi scam**. (iii) **The sub-prime mortgage loan scam**. Therefore, based on psychology it is our responsibility to protect all superfunds. As my son Aran and others have all confirmed, the need to move forward. Therefore, I beg you, after 10yrs our \$1m budget has all but been exhausted with 14 Judges being tricked, cheated and deceived by Davida. The Prime Minister's and Premier's solution is now provided free from your local Police Station. All you have to do is collect a copy of the ACCC Little Black Book of Scams and read page 16, explaining the most common small business scam. As our case proves, where a fraudulent invoice was used on my 94yr old Mother as a mortgage home loan scam to steal her home, if she did not pay this fraudulent invoice. Mum finally rang the Mental Health forensic expert Dr. Michele Pathè and explained her fear that she would lose her home as a mortgage condition, if she did not pay this fraudulent invoice and therefore be forced to live in a Caravan Park. The Mental Health Act condition being, that I would not be forced to take medication if I agreed to ongoing counselling **to deny justice to our superfund victims**. However, the Mental Health Act team acknowledge organised crime exists but agree (i) you will not get justice. (ii) Shit Happens. (iii) This is a \$billion industry. Therefore, I have been advised by Phil Rigby there is a very real outcome I will be collected by the Police, forcibly held down, given a needle and locked up behind steel bars.

I HAVE HAD TO LIVE WITH THIS FEAR FOR THE PAST 10YRS! PLEASE I BEG YOU, SAVE ME FROM BEING GIVEN A NEEDLE AND TURNED INTO A VEGETABLE, BEHIND STEEL BARS.

To make it legal
