

PLEASE REFORM THIS ATO 'SOLE PARTNER' SUPERFUND LOOPHOLE!

(Side 1)

SEARCHING STUDY

1. The solution comes with an ASIC, LSC, CMC and EPA correction to this loophole.
2. This allowed the '**Site Solutions**' protection racket, where my 93yr old Mother believed due to her home mortgage conditions and our Head Contractor's '**bagman**' style threats, she would also have to pay on top of the \$46,692 extortion demand, the ATO \$460,311 and therefore lose her home.
3. In the event of her death her estate would be garnished by the ATO.

Our ref:1011207845488. The Tax Office has now provided a new reference No 7101602548036. The motive it would appear, to destroy all evidence of the ATO staff across Australia who acted as whistleblowers to support Colonel/Judge Shanahan's, ATO Tony Coburn and Area Commander John Hopgoods findings that this is the best case for QLS law reform to prove the ATO, superfunds, subcontractors and mothers are **all victims to the site solution's protection racket.**

THE POLICE SOLUTION!

4. a/ Despite the fact that 3 times over the past 10yrs our legal team, CBA and Accountants recommended we amend our superfund. Police Administration claimed (i) **"This is a civil matter outside the control of the Queensland Police."** (ii) On further investigation we were given CIB Det. Mark Hughes for 3mths to set out this case to help lay criminal charges. (iii) Premier Beattie then gave his community cabinet and said **"Find the solution."** b/ Now PESC Asst. Commissioner Peter Martin as then Chief of Staff was ordered to say **"Due to Police availability and time this case is closed."** c/ The reality is, that Janice Bright at the age of 42 contracted breast cancer, having two aunties die early in life our marriage collapsed and we divorced. The surgeon said **"It's amazing what we can cut out and you can still live."** (i) Jan and I under legal advice signed our superfund over to one director. As Jan explained, for the sake of our two children Aran and Belinda, Jan did not wish to destroy our health care business. (ii) In brief, we paid our Accountant Tim Allen \$10,000 to write a '**damages report**' concentrating on the major crime, **the 'Site Solutions' protection racket.** (iii) Allen reported the CBA and CIB both reported 'If you want to trade as an Accountant, keep your mouth shut'. **As a result, Allen failed to file our tax returns as normal.** (iv) After the Crown evidence was hidden from the 14 Judges on this case by our MOB Barrister, best known as Davida Williams the prisoner, the first Barrister in Queensland to go to prison for the past 70yrs. Tony Coburn, ATO tax investigator and another Police Asst. Commissioner offered '**whistleblower**' support, but Coburn's boss also told him **"To keep out of it."**
5. a/ At a meeting with MP Fiona Simpson in opposition, now a Minister for the Crown, I explained to her father and mother, our case. Her father, a previous MP listened, realising our case was a legal nightmare, he advised **"Go to Church and pray."** b/ We went to all major Churches, the small miracle was, Martin reported the key Police Crime Reports of assault and intimidation reported by the Rev. Michael Veary, his wife Doris and son Adam was mysteriously lost. **Apparently, this is not uncommon for Police to hide or misplace Crown evidence.** As reported by the Police Prosecution Insp. Michael Ede who was then transferred to the railway section. This was backed up by the Police Union, **this Crown evidence is still available** but the PESC are not being accountable.*** c/ The good news, Minister Simpson wrote to Minister Andrew Powell who has listened to the EPA Sect 32 sabotage claim as advised by the Wynnum District Area Command via Hopgood, Hopkins and Harm. Hopkins recommending a CMC investigation where the BCC / IID site inspector Gary Kopp exposed the sabotage. (TBC) d/ The Police Media solution is to bypass this ATO loophole and engage the Criminology work experience students who work out of Police HQ to test this evidence and prepare this case for trial. e/ **Most importantly to get a result.** Where we believe \$billions can be collected from racketeering in the building and construction industry. This scam is well known to most Civil Engineers, Town Planners and Site Inspectors. **I previously worked in the BCC Inspection Section.*****

6. a/ Now focus on the ATO / ASIC nightmare and Explorer Super solution. Finally explained yesterday obviously under a lot of stress **as a failure to communicate**. As I explained, under legal advice I ran our superfund as a sole director only to be told by Accountant Dennis Donovan who changed our superfund to be controlled by our HEHS Pty Ltd company. Donovan engaged a Solicitor to do the necessary legal work, we signed the paper work and we paid all accounts. Then for 2yrs we waited and waited for the promised tax returns. We were told over and over they will be finished in another 2 weeks. My son Aran was concerned and arranged for Explorer Super to resolve this nightmare. b/ Explorer Super via Michael Dietrich CPA was reluctant to explain the detail, but the facts are, our tax returns were not completed by either Allen or Donovan. The result; ASIC in line with the ATO ignored our endless demands for justice. So we sat outside their offices for years supporting other superfund victims handing out printed material as part of our \$1million Police Rescue Management budget. In brief, most times we were treated as though we were invisible but when we did make it into the ASIC and ATO office we were repeatedly evicted by security. c/ We were then contacted by the ATO and ASIC from NSW, WA and Tasmania but never on a face to face approach to explain the simple solution.
7. a/ The ATO, ASIC, CMC and LSC had a similar approach:- **It's not their problem to fix the CBA mistake to leave 2 lines out of a CBA bank loan agreement**. We were taught management procedures, if you do not know what to do, then pay for professional advice. We worked through four Barristers; Barlow, Sweeney and McQuade, finally gaining the fraudster and MOB Barrister Davida Williams. Fortunately prior to Davida, we gained a Supreme Court '**mediation order**' and a CBA '**disclosure order**', both ignored by Chief Justice Paul deJersey; obviously a travesty of justice, identified by the QLS that this is the best case for law reform for both Premier Beattie and now Newman, who promised a press release. b/ Even though we are listed as voters on the electoral role, neither the ATO, ASIC or Donovan notified us that Donovan in not filing our tax returns meant that our HEHS Pty Ltd company had been deregistered and that meant our superfund had to be amended for the third time **through no fault of our own**. The CBA however did promise to pay all legal costs for their confessed liability to the now hidden and destroyed incomplete and therefore fraudulent bank loan that cheated each beneficiary in the area of \$125,000, in failing to purchase their land at a '**fire sale**' price.
8. a/ So due to the obvious neglect and abandonment of the due process of the law we have now been notified by Dietrich, on top of paying our tax returns, he calculated for \$16,426.10 including penalties, the ATO now claim \$20,406.77 as interest and extra penalties. When we have volunteered this \$1million Police ordered budget to work as an ASIC, LSC, CMC and EPA correction team, to make the law "**superfund friendly**". We have proved that the CBA Rescue Management plan advised by the CBA Loans Officer James Pitman **is a bandaid approach**. b/ This leaves the next self managed superfund open to abandonment, litigation and liquidation, as victims in common with the ATO where we jointly share our loss of our profits with all beneficiaries for our 22 block subdivision valued at \$4.4m on completion.
9. a/ As Justice Byrnes identified, the penalty for this crime is a 5yr gaol term, as our smart new Police Commissioner Ian Stewart confirmed in summing up, "**MOST CRIMES START OF AS A MISTAKE.**" Where the victims lives become a nightmare. For the Criminology students to test this Supreme Court mediation order via Criminal Code Sect. 200, 205, 391 and 399. b/ Therefore, as soon as ASIC and ATO confirm we have a sound case to lay criminal charges against this '**Site Solutions**' crime cartel, the Police can lay criminal charges and collect their profits from crime.
10. a/ As Fraud Squad Det. Sgt. Brett Heath put it "**Get your (RICO) act together or you will be out the door so fast your bum will not touch the ground.**" b/ As Davida confessed "**You would be surprised what goes on behind closed doors.**" As a confessed forger, fraudster and now felon, answer this obvious question, how is it possible that a known criminal can act as a Barrister to destroy this Crown case and prevent the Crown we believe collect \$billions by ATO / ASIC / CMC and EPA policy reform? As proof, similar to the Vexatious Procedure Act 2005 reform thanks to the court registrars Supreme Court ordered mediation,
